Simplifying Perspective A Step By Step Guide For Visual Artists:

Simplifying Perspective Robert Pastrana, 2014-12-17 Master the art of linear perspective If you're an animator, illustrator, comic book artist, game artist, or anything in between, you need to be able to create images that accurately and realistically show space, dimension, and form. *Simplifying Perspective* is the one and only guide that thoughtfully and clearly breaks down the principles of perspective into something that's easy to understand and use. With approachable lessons and clear, visual step-by-step instruction, Robert Pastrana provides you with powerful techniques that help you turn a troubled drawing into a living, breathing, dimensional scene. With *Simplifying Perspective*, you'll never have to wade through dense, complex technical manuals again. This comprehensive guide to perspective is tailored specifically for artists who need to learn the ins and outs of one, two, and three-point perspective, measuring shadows, reflections, and more. *Simplifying Perspective* presents complex drawing concepts in an easy-to-follow, approachable manner so you can finally learn the essentials of perspective without the anticipated frustration. Provides clarity, depth, and a wealth of examples. This is your must-have guide to understanding and using linear perspective. Detailed visual instruction includes hundreds of color-coded step-by-step diagrams that allow you to easily follow the technical process of each construction. Comprehensive companion website includes additional resources on perspective with a range of work to help further your skills. **Gesture Drawing** April

Connors, 2017-09-25 This instructional drawing book is intended to guide the reader through a story-telling based approach to gesture drawing, utilizing different techniques and exercises that encourage and develop creative problem-solving as it relates to observational studies. This book clearly outlines a workflow and process with a simple exercise program that encourages the artist to ask questions and create work that engages not only their audience but themselves. Rich illustrations are included throughout that depict this workflow and also different drawing and mark-making techniques and how to apply the exercises throughout the course of the book. Included are video drawing tutorials and examples. **Key Features:** The approach to drawing as explained in the book is broken down into simple, clearly defined concepts. Each chapter outlines a further step in the drawing process, ending with a technique or exercise the reader can then execute to begin applying each concept to their work. Ample amount of illustrations drawn exclusively for this book or taken directly from the author's physical classes to clearly show the reader individual concepts, exercises, techniques, ideas, etc. so the reader may feel comfortable enough to follow the program. Each chapter includes a chapter objective as well as a summary and ample amount of illustrations which relate to the chapter objective. Key Terms will also be highlighted and defined so that they may be referenced throughout the book without causing unnecessary confusion. Companion video tutorials that show the reader different topics and exercises for reference. *Film & Video Finder*, 1997 [Forthcoming Books](#) Rose Arny, 2002-04
