was one of the organizers of the three previous meetings held in Chicago 1979 Tromsø 1980 and Odense 1982 During the
organization of the fourth meeting Earl became ill and had to relinquish his role as one of the principal organizers It is safe to
conclude that there was no better or more professional or more efficient an organizer of scientific meetings in the field of
neuropharmacology and psychiatry than Earl U sdin and it was quite a task for the remaining organizers to fill the void left
when he withdrew from this one Those of us who have organized previous meetings with Earl were struck by how much more
difficult our work became without him This obviously speaks well for his subtle and at times not so subtle organizational
skills Nevertheless in Earl s memory the organizers proceeded to invite a group of internationally renowned
neuropsychopharmacologists to address the problem of selectivity in psychotropic drug action and to try to reconcile the
amazing advances in basic preclinical neuropsychopharmacology with the problem of clinical specificity encountered by the
