The Bootstrapper's Guide to the Mobile Web Deltina Hay, 2012-05-01 Creating a successful mobile web presence is achievable with the tools found in this guide without needing to learn a programming language or become a Web designer. Such a presence is now a necessity rather than a luxury for all businesses, organizations, and independent professionals to stay competitive. This quick practical hands-on introduction to the nuts and bolts of using the mobile web to grow a brand, improve sales, and increase profits is written for lay people and avoids jargon and programming concepts. Time and money saving solutions are presented, teaching technical novices how to quickly adapt their existing websites to the mobile ones and how to easily create mobile applications without having to learn to program. Step by step instructions stand alongside real world examples of successful mobile web transitions, and advice on best practices is provided to help business owners, entrepreneurs, marketing professionals, and creative professionals create the presence they need to help their business flourish.
