and tests that address each one The results are greater efficiency fewer injuries and faster performances Whether you are a veteran triathlete seeking a performance breakthrough a newer triathlete starting the training season or a coach or member of a triathlon federation searching for that edge training should start with Triathletes in Motion This resource includes hundreds of tests and exercises to help triathletes swim cycle and run faster and more economically Marc Evans was triathlon s first professional coach and has consulted coached collaborated with and mentored some of the biggest names in the sport including Dave Scott and Scott Tinley His coauthor Jane Cappaert is a leading expert in sport biomechanics Now they make their unique expertise available to everyone in Triathletes in Motion **Western Industry and Western**
