Study Guide for the Write Course

H. Stover, Harryette Stover, 1984 An imaginative way to learn the nuts and bolts of good writing Features a dramatized writing assignment interspersed with interviews to emphasize the process method Practical advice is offered by contemporary authors while mini documentaries filmed on location in business and government offices tackle real life writing problems emphasizing the need for clarity and organization

Signing the Body Poetic Heidi M. Rose, 2006-12-20
 Publisher Description Bowker's Complete Video Directory, 2000

The Oxford Handbook of Deaf Studies, Language, and Education, Vol. 2 Marc Marschark, Patricia Elizabeth Spencer, 2010-06-28 Oxford Handbooks offer authoritative and up to date reviews of original research in a particular subject area Specially commissioned chapters from leading figures in the discipline give critical examinations of the progress and direction of debates as well as a foundation for future research Oxford Handbooks provide scholars and graduate students with compelling new perspectives upon a wide range of subjects in the humanities social sciences and sciences The adage Those who do not learn from history are doomed to repeat it is a powerful one for parents teachers and other professionals involved with or interested in deaf individuals or the Deaf community Myths grown from ignorance have long dogged the field and faulty assumptions and overgeneralizations have persisted despite contrary evidence A study of the history of deaf education reveals patterns that have affected educational policy and legislation for deaf people around the world these patterns are related to several themes critical to the chapters of this volume One such theme is the importance of parental involvement in raising and educating deaf children Another relates to how Deaf people have taken an increasingly greater role in influencing their own futures and places in society In published histories we see the longstanding conflicts through the centuries that pertain to sign language and spoken communication philosophies as well as the contributions of the individuals who advocated alternative strategies for teaching deaf children More recently investigators have recognized the need for a diverse approach to language and language learning Advances in technology cognitive science linguistics and the social sciences have alternately led and followed changes in theory and practice resulting in a changing landscape for deaf and hard of hearing individuals and those connected to them This second volume of the The Oxford Handbook of Deaf Studies Language and Education 2003 picks up where that first landmark volume left off describing those advances and offering readers the opportunity to understand the current status of research in the field while recognizing the opportunities and challenges that lie ahead In Volume 2 an international group of contributing experts provide state of the art summaries intended for students practitioners and researchers Not only does it describe where we are it helps to chart courses for the future

The Signs of Language Revisited Karen Emmorey, Harlan L. Lane, 2013-04-15 The burgeoning of research on signed language during the last two decades has had a major influence on several disciplines concerned with mind and language including linguistics

neuroscience cognitive psychology child language acquisition sociolinguistics bilingualism and deaf education The genealogy of this research can be traced to a remarkable degree to a single pair of scholars Ursula Bellugi and Edward Klima who have conducted their research on signed language and educated scores of scholars in the field since the early 1970s The Signs of Language Revisited has three major objectives presenting the latest findings and theories of leading scientists in numerous specialties from language acquisition in children to literacy and deaf people taking stock of the distance scholarship has come in a given field where we are now and where we should be headed and acknowledging and articulating the intellectual debt of the authors to Bellugi and Klima in some cases through personal reminiscences Thus this book is also a document in the sociology and history of science
