

GESTALT LAW OF SIMILARITY

The law of similarity in gestalt theory states that elements that look similar to each other are grouped together in the mind.

EXAMPLE

The image below demonstrates similarity based on color and shape.

ANALYSIS

In general, people will:

- See the elements in the left array as being in two groups, green and blue.
- See the elements in the middle array as falling into two categories, circles and squares.
- See the elements in the right array as falling into color categories. Color generally wins as the most salient.
