The Palgrave Handbook of Global Philanthropy

P. Wiepking, F. Handy, 2016-01-06 The Palgrave Handbook of Global Philanthropy is a comprehensive reference guide to the practice of philanthropy across twenty six nations and regions In addition thematic chapters examine cross national issues to provide an indispensable guide to the latest research in this field Drawing on theoretical insights from sociology economics political science and psychology and including a stellar international line up of leading philanthropy scholars this essential reference work describes the non profit sector and analyzes philanthropic endeavours country by country providing a global overview that covers Asia Europe the Middle East Australia and the Americas In addition thematic chapters examine cross national issues including the social origins of the non profit sector and charitable giving the influence of government support the role of religion fiscal incentives and fundraising to outline how major country specific differences in governmental economic and legal policies for philanthropic actors and nonprofit organizations shape philanthropic giving demonstrating how country specific factors may facilitate or inhibit charitable giving Nonprofit organizations provide important public goods and services in societies across the world In times of economic crisis when governments are forced to decrease public spending these organizations become even more important in meeting demands for these goods and services But what

motivates individuals to voluntarily give away portions of their own financial resources to benefit the public good and to enable nonprofit organizations to carry out their work Why do people in one country give more frequently and more generously to nonprofit organizations than those in another The Palgrave Handbook of Global Philanthropy provides an indispensable guide to the latest research in philanthropy the non profit sector and charitable giving Limiting Base Erosion Erik Pinetz,Erich Schaffer,2017-08-30 Limiting base erosion from different viewpoints Hybrid mismatch arrangements CFC rules transfer pricing rules Limiting Base Erosion the general topic for the master theses of the part time LL M program 2015 2017 has been one of the most controversial topics in international tax law ever since the initiation of the OECD BEPS Project in 2013 Even though the final reports of the 15 BEPS Actions were released by the OECD in as early as October 2015 the question how to effectively target base erosion practices still has not lost any of its topicality Following the efforts of the OECD in developing a new international tax environment the focus of attention has now partly shifted to the OECD Member countries that have to properly implement the OECD recommendations in their domestic laws as well as in their tax treaty practice In this respect a comprehensive analysis in the literature of all the issues related to base erosion proves to be of the utmost importance in order to provide practical guidance to the Member countries during that the process of implementation This book deals especially with four key areas of interest Limiting base erosion by neutralizing the effects of hybrid mismatch arrangements Limiting base erosion by strengthening CFC rules Measures against base erosion via interest deductions and other financial payments Limiting base erosion by improving transfer pricing rules On that basis 27 concrete topics were chosen in order to address the four key areas of interest from different viewpoints Base erosion and the challenges they present read more in Limiting Base Erosion **Ivan Illich** David Cayley,2021-02-08 In the eighteen years since Ivan Illich s death David Cayley has been reflecting on the meaning of his friend and teacher s life and work Now in Ivan Illich An Intellectual Journey he presents Illich s body of thought locating it in its own time and retrieving its relevance for ours Ivan Illich 1926 2002 was a revolutionary figure in the Roman Catholic Church and in the wider field of cultural criticism that began to take shape in the 1960s His advocacy of a new de clericalized church and his opposition to American missionary programs in Latin America which he saw as reactionary and imperialist brought him into conflict with the Vatican and led him to withdraw from direct service to the church in 1969 His institutional critiques of the 1970s from Deschooling Society to Medical Nemesis promoted what he called institutional or cultural revolution The last twenty years of his life were occupied with developing his theory of modernity as an extension of church history Ranging over every phase of Illich s career and meditating on each of his books Cayley finds Illich to be as relevant today as ever and more likely to be understood now that the many convergent crises he foresaw are in full public view and the church that rejected him is paralyzed in its folkloric shell Not a conventional biography though attentive to how Illich lived Cayley s book is continuing a conversation with Illich that will engage anyone who is interested in theology philosophy history and the Catholic Church

Cross-Cultural Comparisons on Surrogacy and Egg Donation Sayani Mitra,Silke Schicktanz,Tulsi Patel,2018-07-09

This book is the first to bring together an interdisciplinary collection of essays on surrogacy and egg donation from three socially legally and culturally distinct countries India Israel and Germany It presents contributions from experts in the field of social and cultural sciences bioethics law as well as psychology and provides critical reflective comparative analysis of the socio ethical factors shaping surrogacy and egg donation practices across these three countries This book highlights the importance of a comparative perspective to make sense of controversies and transitions in this highly contested area of artificial reproductive technologies It demonstrates how local developments cannot be isolated from global events and vice versa Therefore this volume can be used as a standard reference for anyone seeking to understand surrogacy and egg donation from a macro perspective in the next decade

Construction Matters Stefan Holzer,Silke Langenberg,Clemens Knobling,Orkun Kasap,2025-03-04 Construction History Construction Heritage Recent Construction Historiography Industrialization Engineering Sciences Building Materials Building Actors Construction History is still a fairly new and small but quickly evolving field The current trends in Construction History are well reflected in the papers of the present conference Construction History has strong roots in the historiography of the 19th century and the evolution of industrialization but the focus of our research field has meanwhile shifted notably to include more recent and also more distant histories as well This is reflected in these conference proceedings where 65 out of 148 contributed papers deal with the built heritage or building actors of the 20th or 21st century The conference also mirrors the wide spectrum of documentary and analytical approaches comprised within the discipline of Construction History Papers dealing with the technical and functional analysis of specific buildings or building types are complemented by other studies focusing on the lives and formation of building actors from laborers to architects and engineers from economical aspects to social and political implications on legal aspects and the strong ties between the history of construction and the history of engineering sciences The conference integrates perfectly into the daily work at the Institute for Preservation and Construction History at ETH Zurich Its two chairs the Chair for Building Archaeology and Construction History and the Chair for Construction Heritage and Preservation endeavor to cover the entire field and to bridge the gaps between the different approaches methodologies and disciplines between various centuries as well as technologies learning together and from each other The proceedings of 8ICCH give a representative picture of the state of the art in the field and will serve as a reference point for future studies

Brexit and Energy Law Ana Stanič,Silke Goldberg,2023-01-31 Bringing together leading experts from across the UK and Europe this book provides a comprehensive analysis of the impact of Brexit on the energy sector in the UK and in the European Union and its Member States In recent decades the trend within the EU has been towards greater integration and liberalisation of energy markets Through the development of the Union s internal energy market and the funding of cross border energy infrastructure EU membership facilitates cross border trade in energy promotes security of

energy supply and via the European Atomic Energy Community Euratom allows EU Member States to trade in nuclear material for energy production Brexit changes all of this The significant level of integration and interdependence in EU energy policy means that the UK's departure from the Union poses many challenges for the UK the EU and EU Member States While certain energy related arrangements have been addressed the relationship between the UK and EU in the energy sector has been changed fundamentally In this context important and interrelated questions arise such as the following Under what terms will energy trading between the EU and UK now take place What access will the UK have to EU energy markets What does Brexit mean for the security of energy supply What does the UK's departure from Euratom mean for nuclear research Can the crossborder single energy market SEM on the island of Ireland continue following Brexit What implications does Brexit have for renewables the environment and climate change Brexit comes at a time when the European energy sector is undergoing the processes of decarbonisation and energy transition This book offers researchers legal practitioners and policy advisers in depth understanding of the interplay between these challenges and Brexit

Landscape as Weapon John Beck, 2020-12-15 Once the playgrounds and raw material for the avantgarde abandoned places and things decommissioned military sites postindustrial spaces contested and forgotten edgelands are now just as likely to be seen as assets for entrepreneurs or connoisseurs of the authentically worn out This is the age of patina where the material remains of times past the fields and factories test sites back alleys machines and statues are coveted adored mourned and commemorated as well as sometimes despised Through an exploration of a wide range of recent film photography art and writing about place Landscape as Weapon argues that these abandoned sites are a critical arena for debate about the meaning of space and time under late capitalism

How to Read Economic News Henry Silke, Fergal Quinn, Maria Rieder, 2023-08-31 Closely examining how the news media reports economic and financial matters this book equips students with solid methodological skills for reading and interpreting the news alongside a toolkit for best practice as an economic journalist How to Read Economic News combines theory and practice to explore the discourse surrounding economics in the mass media and how this specialised form of reporting can be improved Beginning by introducing major concepts such as financialised economic reporting media amnesia and loss of trust the book goes on to help students to interpret understand and analyse existing news discourse and to identify subtle biases in news reports

stemming from hegemonic belief systems The final section puts this analytical knowledge into practice providing students with methods for the critical production of news and covering such skills as identifying newsworthiness story sourcing achieving clarity and using complex datasets in news stories This is a key text for students and academics in the fields of financial journalism and critical discourse analysis who wish to approach the subject with a critical eye **Bowker's Law Books and Serials in Print** ,1986 *Minerals Yearbook* Mines Bureau,Geological Survey,Interior Department,2017-03-06 The region of Europe and Central Eurasia defined in this volume encompasses territory that extends from the Atlantic Coast of Europe to the Pacific Coast of the Russian Federation It includes the British Isles Iceland and Greenland a self governing part of the Kingdom of Denmark Included are mineral commodity outlook tables plus global overview research for particularly commodities within a specific regions countries are presented throughout the text Manufacturers of these metals and commodities along with trade brokers that may specialize in imports and exports political scientists and economists may also be interested in this volume Students pursuing research on specific metals and mineral commodities for world economy courses may be interested in this volume Related products Other print volumes in the Minerals Yearbook series can be found here https://bookstore.gpo.gov/catalog/science/technology/minerals/metals/minerals_yearbook Minerals and Metals resources collection can be found here https://bookstore.gpo.gov/catalog/science/technology/minerals/metals/minerals_yearbook **Cool Infographics** Randy Krum,2013-10-18 Make information memorable with creative visual design techniques Research shows that visual information is more quickly and easily understood and much more likely to be remembered This innovative book presents the design process and the best software tools for creating infographics that communicate Including a special section on how to construct the increasingly popular infographic resume the book offers graphic designers marketers and business professionals vital information on the most effective ways to present data Explains why infographics and data visualizations work Shares the tools and techniques for creating great infographics Covers online infographics used for marketing including social media and search engine optimization SEO Shows how to market your skills with a visual infographic resume Explores the many internal business uses of infographics including board meeting presentations annual reports consumer research statistics marketing strategies business plans and visual explanations of products and services to your customers With Cool Infographics you ll learn to create infographics to successfully reach your target audience and tell clear stories with your data **Existential Politics** Jessica F. Green,2025-10-07 A new way to tackle the real politics of climate change through asset revaluation It s no secret that the Paris Agreement and voluntary efforts to address climate change are failing Governments have spent three decades crafting international rules to manage the climate crisis yet have made little progress on decarbonization In Existential Politics Jessica Green explains why this is unsurprising governments have misdiagnosed the political problem of climate change focusing relentlessly on measuring reporting and trading emissions This technical approach of managing tons ignores the ways that climate change and climate policy will revalue

assets creating winners and losers Policies such as net zero carbon pricing and offsets all cater to the losers owners of fossil assets Ultimately Green contends climate change is a political problem Climate politics should be understood as existential creating conflicts that arise when some actors face the prospect of the devaluation or elimination of their assets or competition from the creation of new ones Fossil asset owners such as oil and gas companies and electric utilities stand to lose trillions in the energy transition Thus they are fighting to slow decarbonization and preserve the value of their assets Green asset owners who will be the basis of the decarbonized economy are fewer in number and relatively weak politically Green proposes using international tax finance and trade institutions to create new green asset owners and constrain fossil asset owners reducing their clout Domestic investments in green assets facilitated by global trade rules can build the political power of green asset owners

Capitalising on constraint Catherine Moury, Stella Ladi, Daniel Cardoso, Angie Gago, 2021-10-12 This book is an essential analysis of what really happens behind closed doors during and after a bailout In the last decade five Eurozone governments in economic difficulty received assistance from international lenders on the condition that certain policies specified in the Memoranda of Understanding were implemented How did negotiations take place in this context What room for manoeuvre did the governments of these countries have After conditionality to what extent were governments willing and able to roll back changes imposed on them by the international lenders This book explores the constraints on national executives in the five bailed out countries of the Eurozone during and beyond the crisis from 2008 to 2019 The authors argue that despite international market pressure and creditors conditionality governments had some room for manoeuvre during a bailout and were able to advocate resist shape or roll back some of the policies demanded by external actors Under certain circumstances domestic actors were also able to exploit the constraint of conditionality to their own advantage Capitalising on constraint shows that after a bailout programme governments could use their discretion to revert the measures that brought the greatest benefits at a lower cost The authors provide a valuable insight into the determinants of bargaining leverage the importance of credibility and the limits of conditionality that might inform the design of international and European lending during future crises

Demystifying Bilingualism Silke Jansen, Sonja Higuera del Moral, Jessica Stefanie Barzen, Pia Reimann, Markus Opolka, 2021-12-02 This book analyses changing views on bilingualism in Cognitive Psychology and explores their socio cultural embeddedness It offers a new innovative perspective on the debate on possible cognitive disadvantages in bilinguals arguing that it is biased by popular language myths which often manifest themselves in the form of metaphors Since its beginnings Cognitive Psychology has consistently modelled the coexistence between languages in the brain using metaphors of struggle conflict and competition However an ideological shift from nationalist and monolingual ideologies to the celebration of bilingualism under multicultural and neoliberal ideologies in the course of the 20th century fostered opposing interpretations of language coexistence in the brain and its effects on bilinguals at different moments in time This book will be of interest to students and

scholars of Cognitive Psychology Psycholinguistics Multilingualism and Applied Linguistics Cognitive and Computational Linguistics and Critical Metaphor Analysis **Northern Atlantic Islands and the Sea** Andrew Jennings, Silke Reeploeg, Angela Watt, 2017-05-11 Iceland the Faroe Islands Orkney Shetland and to some extent the Hebrides share both a Nordic cultural and linguistic heritage and the experience of being surrounded by the ever present North Atlantic Ocean This has been a constant in the islanders history forging their unique way of life influencing their customs and traditions and has been instrumental in moulding their identities This volume is an exploration of a rich intimate and at times terrifying relationship It is the result of an international conference held in April 2014 when scholars from across the North Atlantic rim congregated in Lerwick Shetland to discuss maritime traditions islands in Old Norse literature insular archaeology folklore and traditional belief The chapters reflect the varied origins of the contributors Icelanders are well represented as are scholars based in Orkney and Shetland indicating the strength of scholarship in these seemingly isolated archipelagos Peripheral they may be to the UK but they lie at the heart of the North Atlantic at the intersection of British and Nordic cultures This book will be of interest to scholars of a wide range of disciplines such as those involved in island studies cultural studies Old Norse literature Icelandic studies maritime heritage oceanography linguistics folklore British studies ethnology and archaeology Similarly it will also appeal to researchers from a wide geographical area particularly the UK and Scandinavia and indeed anywhere where there is an interest in the study of islands or the North Atlantic

Ablauf eines Initial Public Offering an einer deutschen Börse und die Rolle des Abschlussprüfers Yu-Hui Liu, 2013-02 Das Initial Public Offering IPO d h die Erstemission von Aktien im Rahmen eines Börsengangs ist ein komplexer und zeitaufwendiger Prozess der nicht immer erfolgreich verläuft Ein Beispiel dafür ist der gescheiterte Börsengang der Evonik Industries AG im Juni 2012 Die Komplexität ist zum einen bedingt durch die hohe Anzahl der Maßnahmen die für ein erfolgreiches IPO unerlässlich sind und zum anderen durch das Zusammenwirken verschiedener Akteure deren Kooperation entsprechend koordiniert werden muss Als einer der beteiligten Akteure ist der Abschluss bzw Wirtschaftsprüfer zu nennen der an der Berichterstattung der Börsenreife an der Due Diligence und an der Erstellung des

Wertpapierprospekts beteiligt ist. Zu seinem Aufgabenbereich kann des Weiteren die Durchführung einer Unternehmensbewertung im Rahmen der Emissionspreisbestimmung gehören. Mithin ist der Abschlussprüfer ein wesentlicher Partner des Borsenaspiranten. Der Untersuchungsgegenstand der vorliegenden Arbeit liegt in den einzelnen Maßnahmen des IPO-Prozesses, wobei insbesondere die jeweiligen Funktionen des Wirtschaftsprüfers in den Blick genommen werden. In Kapitel 2 werden zunächst die konzeptionellen Maßnahmen eines IPO diskutiert. Kapitel 3 widmet sich den verschiedenen Schwerpunkten der Due Diligence, die für einen Börsengang relevant sind. Sodann werden in Kapitel 4 die zu erstellenden Dokumente für die Börseneinführung erläutert. Im Mittelpunkt steht dabei der Wertpapierprospekt. Die Bestimmung des Emissionspreises wird in Kapitel 5 erörtert. In diesem Zusammenhang wird auch das Phänomen des Underpricing erläutert. Abschließend wird in Kapitel 6 ein Fazit gezogen.
