To determine the required current and correct polarity for your device, refer to the manufacturer's instruction manual or specifications

- Select the appropriate connector and attach it to the output socket at the end of the output cord. The connectors are numbered as follows: 1, 2, 4, 5, 13, 8, 17. To identify the correct connector for your camera, see the list of digital cameras on the reverse side of this sheet. If unsure, use the connector that fits the power jack of your camera. The three-pin connectors are designed to fit into the socket in only one position. Align the pins as shown at right in Fig. 2. Do not force.

- Insert the connector into the power jack on your portable device.

Fig. 3

- Next, unfold the prong set, as shown in Fig. 3 at left, and plug the SUP-70 into a standard AC wall outlet. (To use the 12V car plug, plug the car cord into the SUP-70 as shown in Fig. 1 and plug the car cord into a car lighter or 12V socket.) The blue power light on the front of the SUP-70 should turn on.

IMPORTANT: Your portable device must be rated between 3 - 10V DC and no more than 2100 mA of current to use the SUP-70. If the exact voltage for your device is not listed below and is less than 10V, you can try setting the voltage switch to the nearest voltage - use the lower voltage setting first. If the device does not operate, disconnect the connector from the device, reset the voltage switch to the next higher setting and re-connect. Do not continue trying higher settings as they may result in damage to your device or the adapter.

Resetting the Adapter

CAUTION: If the power light turns off, check the power source. If on, the output current may be beyond the AC adapter's specifications and the overload protection has been activated.

To reset the adapter:

- Disconnect the AC adapter from the AC outlet and the device you are powering. Wait 10 seconds.
- Plug the AC adapter into the AC outlet again. If the indicator remains off, there may be a problem with the AC adapter. Contact Sima customer service for assistance.
