The Best Kept Secret of Christian Mission John Dickson,2010 This book comes out of years of reflection failures and some successes in the task of reaching out to others with the gospel Many Christians think of the task of mission as an entirely verbal activity when perhaps the best kept secret of New Testament teaching about mission is that it involves a whole range of activities that explicitly promote Christ to the world and draw others to him and only a few of them involve speaking Without diminishing or downplaying the importance of speaking the gospel John Dickson shows that on the other hand downplaying the range of activities that promote Christ to the world has its own set of problems It can make those who are not confident about speaking of anything let alone Jesus feel inadequate and self conscious in the task of reaching out to others Equally it can make those who do have a flair for speaking feel as though they are fulfilling Christ s mission just by talking But the reality is that the Lord wants our whole life not just our lips in the task of bringing the gospel to the world Every facet of our lives can be used by God to promote the news of his power and mercy In this practical guide to the biblical art of sharing your faith John Dickson offers refreshing insight into the ways that all Christians can and should be involved in spreading the good news of Jesus While not all Christians are called and gifted to become evangelists we are all called to promote the gospel through a wide range of

activities prayer financial partnership good deeds godly lives public worship daily conversation etc with and without our lips As readers engage with this book grapple with its arguments and hear the stories of people coming to faith they will be inspired to see the whole of life as significant for bringing the gospel to the world and they will be liberated out of guilt and self consciousness in evangelism into becoming perfectly natural promoters of Jesus Christ **How the Body of Christ**

It is not about withdrawing prayer on an as-needed basis from some spiritual ATM kiosk. It is about meditation, studying the Scriptures, and communing with God. When we fast and pray in faith, asking for God's help and provision, He begins to teach us how to become good stewards of what He has provided. Chapter topics include Fasting to Learn Stewardship, Why We Have Money Problems, and A Faith Approach to Fasting for Money. Once we understand why we struggle with money problems, we can do something about it with this practical step-by-step guide. *How to Talk with God* Joyce Meyer, 2023-07-25. The Meat section is aimed at the more mature Christian. This section delves into deeper and sometimes more challenging theological topics. If These Walls Could Talk Maureen H. O'Connell, 2012-06-01. Philadelphia's community muralism movement is transforming the City of Brotherly Love into the Mural Capital of the World. This remarkable groundswell of public art includes some 3 500 wall sized canvases on warehouses and on schools, on mosques and in jails, in courthouses and along overpasses. In If These Walls Could Talk Maureen O'Connell explores the theological and social significance of the movement. She calls attention to some of the most startling and powerful works it has produced and describes the narratives behind them. In doing so O'Connell illustrates the ways that the arts can help us think about and work through the seemingly

inescapable problems of urban poverty and arrive at responses that are both creative and effective This is a book on American religion It incorporates ethnography to explore faith communities that have used larger than life religious imagery to proclaim in unprecedented public ways their self understandings memories of the past and visions of the future It also examines the way this art functions in larger public discourse about problems facing every city in America But If These Walls Could Talk is also theological text It considers the theological implications of this most democratic expression of public art mindful of the three components of every mural the pieces themselves those who create them and those who interpret them It illuminates a kind of beauty that seeks after social change or in other words the largely unexplored relationship between theological aesthetics and ethics
