Database and Expert Systems Applications Abdelkader Hameurlain, Rosine Cicchetti, Roland Traunmüller, 2003-08-02
th 2002 DEXA the 13 International Conference on Database and Expert Systems Applications was held on September 2 6
2002 at the Universit Aix Marseille II France The quickly growing field of information systems required the establishment of
more specialized discussion platforms the DaWaK conference EC Web conference eGOV conference and DEXA workshops
and there were held in parallel with DEXA also in Aix en Provence The resulting book was prepared with great effort Starting
with the preparation of submitted papers the papers went through the reviewing process The accepted papers were revised
to final versions by their authors and arranged to the conference program This year 241 papers were submitted and our
thanks go to all who have contributed The program committee and the supporting reviewers produced altogether about 730
referee reports on average three reports per paper and selected 89 papers for presentation The papers presented here
encompass the extensive domain of databases together with the other conferences and workshops of the DEXA event cluster
a vast part of applied computer science was covered In this way DEXA has blazed the trail At this point we would like to
acknowledge to all institutions which actively supported this conference and made it possible These are IUT Universit Aix
Marseille II FAW DEXA Association the Austrian Computer Society and Microsoft Research

Knowledge Management
Klaus North, Gita Kumta, 2025-05-05 This textbook on knowledge management draws on the authors more than thirty years of
research teaching and consulting experience The first edition of this book brought together European Asian and American
perspectives on knowledge based value creation The second edition included digital transformation s impact on knowledge
work and management This third edition features substantial updates to all chapters reflecting the implications of digital
technology on knowledge work and knowledge management with special reference to Artificial Intelligence In particular it
addresses three new topics blending human and machine intelligence critical thinking and ethical use of knowledge and
managing knowledge for sustainable development The book is intended not only for academic education but also as an
essential guide for managers consultants trainers coaches and all those engaged in business public administration or non
profit work who are interested in learning about organizations in a knowledge economy Given its wealth of case studies
examples questions exercises and easy to use knowledge management tools it offers a true compendium for understanding
and implementing knowledge management initiatives

Japanese Cinema and Punk Mark Player, 2025-05-15 In Japanese
Cinema and Punk Mark Player examines how the do it yourself ethos of punk empowered a new generation of Japanese
filmmakers during a period of crisis and change in Japan s film industry Drawing on rare materials and first hand interviews
with key figures from the jishu eiga self made film tradition including Ishii Gakuryu formerly Ishii Sogo Yamamoto Masashi
Tsukamoto Shin ya and Fukui Shozin Player explores how punk s bricolage style was leveraged to create exciting intermedial
film aesthetics These aesthetics were influenced by rock music graffiti art street performance handmade animation television

and other mass media By considering the practical phenomenological and political ramifications of combining diverse media elements Player offers in depth analyses of films such as Burst City 1982 Robinson s Garden 1987 Tetsuo The Iron Man 1989 and more He further traces the changing sociocultural position of Japan s punk generation throughout the 1980s from its euphoric early 80s peak to the growing disillusionment caused by its mainstream co optation and convergence

Introduction to Solar Radio Astronomy and Radio Physics A. Krüger, 2012-12-06 1 1 Short History of Solar Radio

Astronomy Since its birth in the forties of our century solar radio astronomy has grown into an extensive scientific branch comprising a number of quite different topics covering technical sciences astrophysics plasma physics solar terrestrial physics and other disciplines Historically the story of radio astronomy goes back to the times of James Clerk Maxwell whose well known phenomenological electromagnetic field equations have become the basis of present time radio physics As a direct consequence of these equations Maxwell was able to prognosticate the existence of radio waves which fifteen years later were experimentally detected by the famous work of Heinrich Hertz 1887 88 However all attempts to detect radio waves from cosmic objects failed until 1932 which was mainly due to the early stage of development of receiving techniques and the as yet missing knowledge of the existence of a screening ionosphere which was detected in 1925 Therefore famous inventors like Thomas Edison and A E Kennelly as well as Sir Oliver Lodge were unsuccessful in receiving any radio emission from the Sun or other extraterrestrial sources Another hindering point was that nobody could a priori expect that solar radio emission should have something to do with solar activity so that unfortunately by chance some experiments were carried out just at periods of low solar activity This was also why Karl Guthe Jansky at the birth of radio astronomy detected galactic radio waves but no emission from the Sun

The History of Modern Japanese Education Benjamin C. Duke, 2009 The History of Modern Japanese Education is the first account in English of the construction of a national school system in Japan as outlined in the 1872 document the Gakusei Divided into three parts tracing decades of change the book begins by exploring the feudal background for the Gakusei during the Tokugawa era which produced the initial leaders of modern Japan Next Benjamin Duke traces the Ministry of Education s investigations of the 1870s to determine the best western model for Japan including the decision to adopt American teaching methods He then goes on to cover the eventual reverse course sparked by the Imperial Household protest that the western model overshadowed cherished Japanese traditions Ultimately the 1890 Imperial Rescript on Education integrated Confucian teachings of loyalty and filial piety with Imperial ideology laying the moral basis for a western style academic curriculum in the nation s schools

Systems Research II

Kyoichi Kijima, Junichi Iijima, Ryo Sato, Hiroshi Deguchi, Bumpei Nakano, 2022-05-10 This book is in honor of Yasuhiko Takahara a first class researcher who has been active for some 50 years at the global level in systems research Researchers and practitioners from Japan and other countries who have been influenced by Takahara have come together from far and wide to contribute their major research masterpieces in the field of systems research in the broadest sense While the roots of

Takahara's systems research are in general systems theory and systems control theory he developed his research and teaching in diverse directions such as management information science engineering social simulation and systems thinking As a result many of the researchers and practitioners he supervised or influenced have established their own positions and are now active around the world in a wide range of systems research Volume II is a collection of their masterpieces or representative works in the fields of systems management theory and practice **My Personal Karate Reading Book**

Jochen Harms, 2025-11-11 Since 1971 I have been practicing Shotokan Karate just as taught technically by the Japan Karate Association JKA Already in the early 1970s I had the good fortune of witnessing Karate demonstrations by Hiroshi Shirai Keinosuke Enoda Koichi Sugimura Yasuyuki Fujinaga and Hideo Ochi and I early on asked myself what made the difference in Karate technique when performed by these JKA masters compared to our execution here in Germany even though we practiced the same Shotokan style Were the differences merely the visual distinctions of the physical physiognomy of the Japanese compared to us Europeans or were there essential differences in the execution of the Karate techniques I was able to answer this question for myself through training at the JKA Honbu Dojo and at the Hozoji Dojo of Norihiko Iida Rea's Far Eastern Manual ... ,1923 *Scientific and Technical Aerospace Reports* ,1995 **War Department Education**
