Ad Astra Jack Campbell, 2013-02-12 From the author of the New York Times bestselling *Lost Fleet* series comes 11 action packed stories of space exploration. In Jack Campbell's *Lost Fleet* series Campbell's hero Captain Black Jack Geary explores the furthest reaches of space. Here Campbell explores what kinds of problems mankind might face as our horizons expand. The third in a series of collections of Campbell's short stories includes some of Campbell's favorite stories and some of his earliest. A brand new author's note accompanies each story. *Lady Be Good* is one of Campbell's most popular stories, winner of *Analog* magazine's *AnLab* reader poll for Best Short Story and cited in Gardner Dozois's *Year's Best SF*. *The Lady Be Good* is an old ship running obscure routes, not all on the right side of the law, with her loyal first officer Kilcannon and reclusive captain. When Kilcannon decides to rescue the survivors of an attack on a Vestral Company ship a mysterious new passenger thanks him by asking difficult questions about the *Lady* with unexpected answers. In *Kyrie Eleison* the *Verio* shipwrecked centuries ago on an out of the way planet and the descendants of the ship's survivors have gotten along as well as they can by following the orders that were passed on to them. But those orders weren't intended to govern life on the planet's surface and when the *Bellegrange* arrives on a rescue mission her captain will have to reckon with the unexpected social order on the planet. In *Do No Harm* a ship is so technologically advanced that it can repair itself but turning over the keys might not be the best idea. And in *Down the Rabbit Hole* a series of failed attempts at faster than light travel lead to a novel approach sending an untested Naval captain out in a space ship to see if he can figure out what's gone wrong. With eleven stories in all *Ad Astra* is the most multi faceted introduction to the short fiction of Jack Campbell and an

essential complement to his bestselling book length work **Ornament, the Novel, and the Victorian Real** Irena Yamboliev, 2025-07-07 All real art wrote William Morris is ornamental If Morris is right then ornament is not as some would have it a triviality a sign of want or a crime Instead Ornament the Novel and the Victorian Real argues for the many and varied ways in which the novel is indebted to ornament Victorians and Victorianist scholars have compared the novel to fine arts such as Dutch genre painting or to photography emphasizing these visual forms investment in gritty particularity and exhaustive detailing of appearance But this story loses sight of a key fact that this book recovers ornament represents a distinct describable Victorian method of realism a method for boiling down essentials and making palpable the invisible fundamental laws that govern form in nature This book grounds itself historically in Victorian theories and practices of decoration developed in the middle of the nineteenth century a moment when Victorian designers overhauled the reigning principles of decorative art and shows the rise of the newly developed theory of ornament to have explanatory power for contemporary novelistic practice too The compositional principles in ornament far from trivial extraneous or deceptive furnish a new theory of form a new concept of the real and a new method for reading novelistic prose Ornament is at work churning away at the heart of the Victorian novel Wallpaper patterns hinge work stained glass these visual forms articulate principles of form such contrast symmetry flatness and stylization And novelists turn these design principles into literary principles importing them into their narratives as syntax word by word and phrase by phrase This book proceeds by way of very close readings that focus on the scale of the sentence and analyzes the rhythm meter and repetition of prose This method allows an appreciation of how in the hands of George Eliot Thomas Hardy A C Swinburne Oscar Wilde and D H Lawrence ornamental prose opens up representational possibilities not otherwise available Ornament allows novelists to render the patterning of human minds the dynamics of relationship and the intense realities of the more than human world

The Wrath of the Great Guilds Jack Campbell, 2016-12-01 New York Times best selling author Jack Campbell s epic series The Pillars of Reality reaches its exciting conclusion The Great Guilds fearing the loss of their control of the world of Dematr have gathered their power and joined it with the relentless legions of the Empire The full might of that host will fall upon the fortress city of Dorcastle If Dorcastle falls the revolt led by Master Mechanic Mari and Mage Alain will fail and their world will soon descend into chaos Only Mari believed to be the daughter of an ancient prophecy can inspire the people and lead the defense of Dorcastle The prophecy says she has a chance to win but it doesn t say she will survive Alain will stand by her both willing to die for the other but neither one knows if their sacrifices will mean victory As they battle the Imperial legions and see friends fall Mari and Alain face their greatest challenges And if they somehow win in the face of impossible odds neither one can be certain what sort of world that victory will produce The Pirates of Pacta Servanda Jack Campbell, 2016-04-12 The world feels oddly strained like a line pulled too taut and apt to snap smashing everything in its path Master Mechanic Mari and Mage Alain have survived every attempt to stop them but their enemies are determined to

kill Mari the only one who can save her world from a storm of destruction As armies begin to gather and cities seethe with tension Mari Alain and their friends must prepare to confront the storm in the place it first appeared the broken kingdom of Tiae The dangers facing them demand perilous raids tough battles and more than a little piracy Beating the Mechanics Guild and the Mage Guild that have controlled the world of Dematr for centuries will require an unprecedented alliance under Mari s command of rebellious Mechanics Mages and common folk who know that together they can change the world but separately they will all lose

The Servants of the Storm Jack Campbell,2016-11-01 A Storm that will wreck a world threatens Dematr Only Mari one of the Mechanics who control all technology through their Guild has a chance to stop it She and Mage Alain have survived numerous attempts to kill them and have gained many more followers but the Storm of chaos born of centuries of enslavement grows ever closer Mari leads an army now She and Alain must fight together to bind back the Broken Kingdom and build a force strong enough to defeat the might of the Great Guilds But the Storm has many Servants who seek to preserve or gain personal power or wealth or fear the New Day that Mari seeks to bring to the world And Mari knows that victory will mean nothing if the precious knowledge brought long ago to their world is destroyed In order to save it Alain and Mari will have to pierce through the heart of their enemies power and confront once more a place of ancient nightmare

Faulkner On and Off the Page Carl Rollyson,2025-04-15 Though numerous biographies have been published on William Faulkner readers are often presented conflicting interpretations of his life and work Faulkner s view of himself and his own family was mercurial and it is widely acknowledged that Faulkner was an unreliable narrator of his own life As a result biographies of Faulkner echo and complicate the multitude of ways he portrayed himself accepting that truth if it exists is subjective Like his work Faulkner s own life then is not only open to different readings but welcomes them within the landscape of his oeuvre Faulkner On and Off the Page acknowledges the challenges of factifying a life into a textual narrative while also emphasizing the potential for biography to establish a throughline that traces how literature emerges from life and in turn shapes the life narrative Faulkner constructed for himself Unburdened by the sanctity of the written word Faulkner embraced mutability and perpetual evolution This process of reinvention also manifests within the pages of Faulkner s biographies as each biographer brings a unique context and perspective shaped by generations of Faulkner scholars Rather than thinking of Faulkner as exclusively the great high modernist who strayed to Hollywood when he needed the money and stayed home when he didn t this book portrays an unsettled writer incessantly on the move incorporating what only looked like alien elements into his work while maintaining a public persona that disparaged anything that did not fit the narrative of the novelist he created in interviews essays and speeches This book attempts to carry on the work of finding the man on the page even as he is shaping a life off of it

Love Among the Haystacks and Other Stories D. H. Lawrence,1987-07-31 Each story in Love Among the Haystacks appears in a new authoritative text [Fate of the Free Lands](#) Jack Campbell,2020-07-31 Trapped inside the Empire Captain Jules of Landfall has to use every deadly trick and strategy she knows to avoid recapture by the Emperor's legions and stay alive despite every attempt the Mages make to kill her The only chance to get away may require walking back into the trap she barely escaped the first time But even her freedom won't be enough The prophecy that consumes Jules's life demands she has an heir to carry on her line Yet how can she satisfy that while being hunted everywhere And what might the prophecy cause to happen if she doesn't have a child Battling wind waves implacable Mage assassins and Imperial ships Jules is forced to turn to an unlikely ally the hated Mechanics She must gather men women and ships from all of the new settlements to face the Imperial legionaries and galleys For only Jules can lead the free people of the west in the final battle that could be their salvation or the destruction of all that she's fought for

Destiny of Dragons Jack Campbell,2018-05-22 In the thrilling conclusion to the Legacy of Dragons trilogy ancient weapons of mass destruction lie hidden under the city of Pacta Servanda Remnants of the Great Guilds and rebellious factions of the Empire want to seize those weapons to allow them to regain control of the world of Dematr Only Jason brought by the first ship from Earth since the colony failed might be able to disarm the threat But he also might know how to employ those weapons making him a danger for all sides Standing between those threats is Kira of Dematr But Kira who inexplicably has been able to manifest Mage powers as well as technical skills finds herself being consumed by the mental conflicts between those powers and skills As rogue Mechanics Mages and mercenaries attack with every weapon at their disposal Kira suffers more blackouts and begins to lose her mind The fate of her world rests on whether she can stay alive and find answers in time to problems that no one else has ever confronted

Hakansson,2024-04-02 When we accept oppression of some we feed the oppression of others and we make space for domination driven by false ideas of inferiority and lesser worth When we discount the inherent preciousness of animals who think and feel we erase precious parts of ourselves When we consider living beings as livestock it s no wonder we pillage the unthinking yet irreplaceable living earth Sub Human is a robustly researched sharply critical yet comfortingly human call to arms diving deeply into the theory behind oppression liberation and the intersections within it Exploring the history of animal consumption and commodification this book deconstructs the current sociopolitical climate surrounding animal enterprises by looking at how we got here Most importantly it unravels how we can work towards a collectively liberated world
