Tarzan And The Rival Tribe:

Keep Watching the Skies! Bill Warren, 2017-01-12 Bill Warren's *Keep Watching the Skies* was originally published in two volumes in 1982 and 1986. It was then greatly expanded in what we called the 21st Century Edition with new entries on several films and revisions and expansions of the commentary on every film. In addition to a detailed plot synopsis, full cast and credit listings, and an overview of the critical reception of each film, Warren delivers richly informative assessments of the films and a wealth of insights and anecdotes about their making. The book contains 273 photographs, many rare, 35 in color, has seven useful appendices, and concludes with an enormous index. This book is also available in hardcover format. ISBN 978 0 7864 4230 0

Cannibal Fictions Jeff Berglund, 2006 Objects of fear and fascination, cannibals have long signified an elemental otherness, an existence outside the bounds of normalcy. In the American imagination, the figure of the cannibal has evolved tellingly over time, as Jeff Berglund shows in this study encompassing a strikingly eclectic collection of cultural, literary, and cinematic texts. *Cannibal Fictions* brings together two discrete periods in U.S. history: the years between the Civil War and World War I, the high water mark in America's imperial presence, and the post-Vietnam era when the nation was beginning to seriously question its own global agenda. Berglund shows how P.T. Barnum, in a traveling exhibit featuring so-called Fiji cannibals, served up an alien other for popular consumption, while Edgar Rice Burroughs, in his *Tarzan of the Apes* series, tapped into similar anxieties about the eruption of foreign elements into a homogeneous culture. Turning to the last decades of the twentieth century, Berglund considers how treatments of cannibalism variously perpetuated or subverted racist, sexist, and homophobic ideologies rooted in earlier times. Fannie Flagg's novel *Fried Green Tomatoes* invokes cannibalism to new effect, offering an explicit critique of racial, gender, and sexual politics, an element to a large extent suppressed in the movie adaptation. Recurring motifs in contemporary Native American writing suggest how Western expansion has cannibalistically laid the seeds of its own destruction. And James Dobson's recent efforts to link the pro-life agenda to allegations of cannibalism in China testify still further to the currency and pervasiveness of this powerful trope. By highlighting practices that preclude the many from becoming one, these representations of cannibalism, Berglund argues, call into question the comforting national narrative of *e pluribus unum*.

American International Pictures Rob Craig, 2019-03-05 *American International Pictures* was in many ways the missing link between big budget Hollywood studios, poverty row B movie factories, and low rent exploitation movie distributors. AIP first targeted teen audiences with science fiction, horror, and fantasy, but soon grew to encompass many genres and demographics. At times it was indistinguishable from many of the major studios. From *Abby Cadabby* to *Zontar*, this filmography lists more than 800 feature films, television series, and TV specials by AIP and its partners and subsidiaries. Special attention is given to American International Television, the TV arm of AIP, and an appendix lists the complete AITV catalog. The author also discusses films produced by founders James H. Nicholson and Samuel Z. Arkoff after they left the company.
