Territory in South Asia Lessons from the Anglo Gorkha War 1814 1816 seeks to understand how European colonization
transformed the organization of territory in South Asia through an examination of the territorial disputes that underlay the
Anglo Gorkha War of 1814 1816 and subsequent efforts of the colonial state to reorder its territories The volume argues that
these disputes arose out of older tribute taxation and property relationships that left their territories perpetually intermixed
and with ill defined boundaries It also seeks to describe the long drawn out process of territorial reordering undertaken by
the British in the nineteenth and twentieth centuries that set the stage for the creation of a clearly defined geographical
