### LIVING CAMINALCULES

### Exercise 1: The Taxonomic Classification of Living Caminalcules

By thoughtful and meticulous observation and analysis of each of the 14 living caminalcules, I was able to pinpoint some characteristics that would make each of them unique from each other and similarities that would make them closely related to or not which resulted to a lot of adjustments, grouping and regrouping of species. Hence, here is my taxonomic classification of the the 14 living caminalcules.
