Tangible Remains Selected Poems:

Tangible Remains Linda Principe, 2011-11 These are more than arresting poems they overpower the reader with a directness and insight rarely seen in contemporary work and their straightforward beauty is as irresistible as the flavor of a ripe peach or the luminous gravity of the stars Linda Principe it is utterly clear has lived and felt each line she puts down she takes the business of writing poems seriously Selected Poems Hélène Aji, Jennifer Kilgore-Caradec, 2013-01-16 Complete poems are bulky and too heavy to carry around Collected poems pretend to be complete but usually are not Selected poems are altogether unpretentious and reader friendly But they can be problematic Who decides what poems are important for inclusion in a volume of selected poems When the selection occurs during the author's lifetime may one assume that the author was involved What motivates the choice of one poem over another How do readers' preferences influence this choice How do new readers and familiar readers of a poet negotiate the poems that are left out of the selection The essays in this volume address these questions in a variety of ways and also provide an overview of poetic writing from modernist poets to the present day using selections from the 1940s until now They offer new insight into the uses both pedagogical and critical of selection Because Selected Poems usually address a large general public these essays have also been written for all those who wish to know more about how these slimmer more attractive volumes are produced **Those Who from Afar Look**

Like Flies Luigi Ballerini, Giuseppe Cavatorta, 2017-08-28 Those Who from Afar Look Like Flies is an anthology of poems and essays that aims to provide an organic profile of the evolution of Italian poetry after World War II Beginning with the birth of Officina and Il Verri and culminating with the crisis of the mid seventies this tome features works by such poets as Pasolini Pagliarani Rosselli Sanguineti and Zanzotto as well as such forerunners as Villa and Cacciatore Each section of this anthology organized chronologically is preceded by an introductory note and documents every stylistic or substantial change in the poetics of a group or individual For each poet critic and translator a short biography and bibliography is also provided

Offa's Dyke Keith Ray, Ian Bapty, 2014-03-31 The massive ancient earthwork that provides the sole commemoration of an extraordinary Anglo Saxon king and that gives its name to one of our most popular contemporary national walking trails remains an enigma Despite over a century of study we still do not fully understand how or why Britain's largest linear monument was built and in recent years the views of those who have studied the Dyke have diverged even as to such basic questions as its physical extent and date of construction This book provides a fresh perspective on the creation of Offa's Dyke arising from over a decade of study and of conservation practice by its two authors It also provides a new appreciation of the specifically Mercian and English political context of its construction The authors first summarise what is known about the Dyke from archaeology and history and review the debates surrounding its form and purpose They then set out a systematic approach to understanding the design and construction of the massive linear bank and ditch that has come to stand proxy for the Anglo Welsh border What can currently be deduced about the build qualities of the Dyke are then summarised from the

authors recent and newly intricate study of details of its localised form and construction and its landscape setting The authors meanwhile also explain Offa's Dyke as an instrument of late 8th century Mercian statecraft and the imperial ambitions of Offa himself

Selected Poetry and Prose of Edmond Holmes John Howlett, 2016-05-23 This book represents the first scholarly gathering together of the long neglected poetry of the School Inspector educationalist and philosopher Edmond Holmes 1850-1936 Alongside a generous selection from Holmes's six volumes of poetry there is also a full reproduction of Holmes's essay What is Poetry which served to delineate his thinking on the discipline Supporting these original works is both a lengthy scholarly introduction and extensive endnotes which serve to locate Holmes's poetry not merely within the context of its time and amongst his own contemporaries but also to make a case for the importance of this body of work in its own right particularly in its promulgation of original and innovative ideas Holmes's poetry represents a particularly unique combination of traditional verse form coupled with innovative and esoteric subject matter often drawing upon Eastern Buddhist philosophy as well as Western Romanticism and Pantheism and so deserves to be more widely recognized as being wholly distinctive within the canon of Victorian and Modern poetry
