

Her girlfriend, a pretty-faced soft bunch with round glasses and hunk-at-the-sock-hop hair, had graduated already and would drive to Ohio every other weekend, at which point I'd elude her, so they could go down on each other for intimacy.

Sometimes I would ask her to tell me about the sex and whether someone else's vagina was insanely gross.

"No," she said. "I actually like doing it." "It" means "real sex."

Grace came to visit me at school one weekend, and I brought her to a party. By this time she was fifteen, all legs and eyes and freckle-colored freckles, with shiny brown hair that fell down her back and two-hundred-dollar jeans she had somehow convinced my father she needed. She stood in the corner, laughing and nursing the single beer I had poured her.

Oberlin being a liberal haven where opposition was king, the coolest clique at school was a group of rugby-playing, neon-wearing lesbians. They dominated every party with their Kate Bush-heavy mix tapes, abstract facepaint, and powerful energy. "Kissing is a dance move," their leader, Daphne, once explained to me.

And that night Daphne noticed Grace, her little puppy nose and the big ridged teeth she still hadn't grown into, and dragged her onto the dance floor.

"We're alive!" she shouted, and Grace was embarrassed, but she danced. Awkwardly at first, then with conviction, engaged but not overly eager, I watched her from the side with pride. *That's my girl. She can sell with anything.*

"Your sister's gay," my Jessica announced the next day, folding the fresh laundry spread across her twin bed.

"Excuse me?" I asked.

"I'm just saying, she's into girls," she said casually, like she was offering me a helpful tip on how to save money on car insurance.

And I completely lost it: "No, she's not! Just because you're gay for a second doesn't mean everyone else is too, okay!? And not that I'd care if she was, but if she was, I would know, I'm her sister, okay? I'd know. I know everything."

And

Grace came out to me when she was seventeen. We were sitting at the dining room table eating past that, our parents out of town, as they often were now that we were old enough to feed for ourselves. Twenty-three and sponging nightly, I forked some noodles into my mouth as Grace described a middle date with a "dorky" boy from an uptown school.

"He's not tall," she moaned. "And nice. And he was trying so hard to be witty. He put a napkin on his hand and said, 'Look, I have a hand cape.'" She paused. "And he draws cartoons. And he has diabetes."

"He sounds awesome!" I said. And then, before I considered it: "What are you, gay?"

"Actually, yes," she said, with a laugh, maintaining the composure that has been her trademark since birth.

I began to sob. Not because I didn't want her to be gay—in truth, it worked perfectly with my embarrassing image of myself as the quirkiest girl on the block, hence my recurring suggestion that my parents foster a child from a third-world background. No, I was crying because I was suddenly flooded with an understanding of how little I really knew:

Does the Internet Have an Unconscious? Clint Burnham, 2018-05-31 Does the Internet Have an Unconscious is both an introduction to the work of Slavoj Žižek and an investigation into how his work can be used to think about the digital present Clint Burnham uniquely combines the German idealism Lacanian psychoanalysis and Marxist materialism found in Žižek's thought to understand how the Internet social and new media and digital cultural forms work in our lives and how their failure to work structures our pathologies and fantasies He suggests that our failure to properly understand the digital is due to our lack of recognition of its political aesthetic and psycho sexual elements Mixing autobiographical passages with critical analysis Burnham situates a Žižekian theory of digital culture in the lived human body **Through the Looking-Glass and**
