The American Dream In Fifties Guided Reading

Barbara M. Kelly

The American Dream In Fifties Guided Reading:

Expanding the American Dream Barbara M. Kelly, 1993-01-01 Much has been written about the housing policies of the Depression and the Postwar period Much less has been written of the houses built as a result of these policies or the lives of the families who lived in them Using the houses of Levittown Long Island as cultural artifacts this book examines the relationship between the government sponsored mass produced housing built after World War II the families who lived in it and the society that fostered it Beginning with the basic four room slab based Cape Cods and Ranches Levittown homeowners invested time and effort barter and money in the expansion and redesign of their houses The author shows how this gradual process has altered the socioeconomic nature of the community as well bringing Levittown fully into the mainstream of middle class America This book works on several levels For planners it offers a reassessment of the housing policies of the 1940s and 50s suggesting that important lessons remain to be learned from the Levittown experience For historians it offers new insights into the nature of the suburbanization process that followed World War II And for those who wish to understand the subtle workings of their own domestic space within their lives it offers food for speculation

Pop Culture and the Dark Side of the American Dream Paul A. Cantor, 2019-05-17 The many con men gangsters and drug lords portrayed in popular culture are examples of the dark side of the American dream Viewers are fascinated by these twisted versions of heroic American archetypes like the self made man and the entrepreneur Applying the critical skills he developed as a Shakespeare scholar Paul A Cantor finds new depth in familiar landmarks of popular culture He invokes Shakespearean models to show that the concept of the tragic hero can help us understand why we are both repelled by and drawn to figures such as Vito and Michael Corleone or Walter White Beginning with Huckleberry Finn and ending with *The Walking Dead* Cantor also uncovers the link between the American dream and frontier life In imaginative variants of a Wild West setting popular culture has served up disturbing and yet strangely compelling images of what happens when people move beyond the borders of law and order Cantor demonstrates that at its best popular culture raises thoughtful questions about the validity and viability of the American dream thus deepening our understanding of America itself

Lyndon Johnson and the American Dream Doris Kearns Goodwin, 2015-08-04 With a new foreword The New York Times bestselling biography of President Lyndon Johnson from the Pulitzer Prize winning author of *Team of Rivals* Featuring a 2018 foreword by the Pulitzer Prize winning political historian that celebrates a reappraisal of Lyndon Johnson's legacy five decades after his presidency from the vantage point of our current profoundly altered political culture and climate Doris Kearns Goodwin's extraordinary and insightful biography draws from meticulous research in addition to the author's time spent working at the White House from 1967 to 1969 After Johnson's term ended Goodwin remained his confidante and assisted in the preparation of his memoir In *Lyndon Johnson and the American Dream* she traces the 36th president's life from childhood to his early days in politics and from his leadership of the Senate to his presidency analyzing his dramatic years in the White House

including both his historic domestic triumphs and his failures in Vietnam Drawing on personal anecdotes and candid conversation with Johnson Goodwin paints a rich and complicated portrait of one of our nation s most compelling politicians in the most penetrating fascinating political biography I have ever read The New York Times Once Upon an American Dream Andrew Lainsbury,2000 Branded a cultural Chernobyl and the tragic kingdom the Euro Disney Resort has been on its own thrill ride since opening in 1992 The much publicized version of the Magic Kingdom gave Europeans alcohol free mocktails surly employees even colors too muted for the Disney image Facing financial disaster was it any wonder that Disney execs found themselves wishing upon a star for answers After so many knee jerk criticisms of Euro Disney this book combines firsthand experience and research to shed new light on claims that the park is nothing more than a form of American cultural imperialism Andrew Lainsbury a former Euro Disney employee who knows what the park meant to its visitors goes beyond media bites and academic scorn to examine Europe s love hate relationship with Euro Disneyland and some of the undiscussed issues surrounding it Once Upon an American Dream is a story of global capitalism on a grand scale Lainsbury has plumbed company archives and interviewed key players to give readers the real view from Le Chateau de la Belle au Bois Dormant Sleeping Beauty s Castle He cracks open the Euro Disney controversy to reveal the park not as a tragic experiment in exporting American culture but the result of European efforts to import a popular form of American entertainment Lainsbury tells how the Walt Disney Company came to build a European park and locate it in France how political negotiations affected its design and development how it was promoted to continental audiences and what caused its widely publicized financial woes before being rescued by a real prince from Saudi Arabia He reveals what it took to win back the hearts of skeptical Europeans such as serving wine selling flashy merchandise and placating disgruntled workers Finally he looks into the magic mirror to speculate on the role of Euro Disney and the Walt Disney Company in the twenty first century Ultimately Lainsbury shows that cultural imperialism is not an exclusively American phenomenon but a global corporate strategy and that global corporatism by needing to be responsive to consumers is so complex that it may not be as monolithic as feared Once Upon an American Dream is a fairy tale for our times reminding us that for all the critical huffing and puffing the creation and marketing of pleasure is what Euro Disneyland is all about 1950's , *The American Dream* Time-Life Books,1998 The 1950 s in America **A Readers Guide to Contemporary Feminist Literary Criticism** Maggie Humm,2015-07-17 This introduction to feminist literary criticism in its international contexts discusses a broad range of complex critical writings and then identifies and explains the main developments and debates within each approach Each chapter has an easy to use format comprising an introductory overview an explanation of key themes and techniques a detailed account of the work of specific critics and a summary which includes critiques of the approach Each chapter is accompanied by a guide to the primary texts and further reading **Lyndon Johnson & the American Dream** Doris Kearns,1976 **Death of a Salesman SparkNotes Literature Guide** SparkNotes,Arthur Miller,2014-04-09 Death of a

Salesman SparkNotes Literature Guide by Arthur Miller Making the reading experience fun When a paper is due and dreaded exams loom here s the lit crit help students need to succeed SparkNotes Literature Guides make studying smarter better and faster They provide chapter by chapter analysis explanations of key themes motifs and symbols a review quiz and essay topics Lively and accessible SparkNotes is perfect for late night studying and paper writing Includes An A Essay an actual literary essay written about the Spark ed book to show students how a paper should be written 16 pages devoted to writing a literary essay including a glossary of literary terms Step by step tutoring on how to write a literary essay A feature on how not to plagiarize *American Dream* Jim Villani,2002 **The Way We Never Were** Stephanie Coontz,2016-03-29 The definitive edition of the classic myth shattering history of the American family Leave It to Beaver was not a documentary a man s home has never been his castle the male breadwinner marriage is the least traditional family in history and rape and sexual assault were far higher in the 1970s than they are today In *The Way We Never Were* acclaimed historian Stephanie Coontz examines two centuries of the American family sweeping away misconceptions about the past that cloud current debates about domestic life The 1950s do not present a workable model of how to conduct our personal lives today Coontz argues and neither does any other era from our cultural past This revised edition includes a new introduction and epilogue exploring how the clash between growing gender equality and rising economic inequality is reshaping family life marriage and male female relationships in our modern era More relevant than ever *The Way We Never Were* is a potent corrective to dangerous nostalgia for an American tradition that never really existed **Mall Maker** M. Jeffrey Hardwick,2015-08-18 The shopping mall is both the most visible and the most contentious symbol of American prosperity Despite their convenience malls are routinely criticized for representing much that is wrong in America sprawl conspicuous consumption the loss of regional character and the decline of Mom and Pop stores So ubiquitous are malls that most people would be suprised to learn that they are the brainchild of a single person architect Victor Gruen An immigrant from Austria who fled the Nazis in 1938 Gruen based his idea for the mall on an idealized America the dream of concentrated shops that would benefit the businessperson as well as the consumer and that would foster a sense of shared community Modernist Philip Johnson applauded Gruen for creating a true civic art and architecture that enriched Americans daily lives and for decades he received praise from luminaries such as Lewis Mumford Winthrop Rockefeller and Lady Bird Johnson Yet in the end Gruen returned to Europe thoroughly disillusioned with his American dream In *Mall Maker* the first biography of this visionary spirit M Jeffrey Hardwick relates Gruen s successes and failures his work at the 1939 World s Fair his makeover of New York s Fifth Avenue boutiques his rejected plans for reworking entire communities such as Fort Worth Texas and his crowning achievement the enclosed shopping mall Throughout Hardwick illuminates the dramatic shifts in American culture during the mid twentieth century notably the rise of suburbia and automobiles the death of downtown and the effect these changes had on American life Gruen championed the redesign of suburbs and cities through giant shopping malls earnestly believing that

he was promoting an American ideal the ability to build a community Yet as malls began covering the landscape and downtowns became more depressed Gruen became painfully aware that his dream of overcoming social problems through architecture and commerce was slipping away By the tumultuous year of 1968 it had disappeared Victor Gruen made America depend upon its shopping malls While they did not provide an invigorated sense of community as he had hoped they are enduring monuments to the lure of consumer culture **A Historical Guide to James Baldwin** Douglas Field,2009

With contributions from major scholars of African American literature history and cultural studies A Historical Guide to James Baldwin focuses on the four tumultuous decades that defined the great author s life and art Providing a comprehensive examination of Baldwin s varied body of work that includes short stories novels and polemical essays this collection reflects the major events that left an indelible imprint on the iconic writer civil rights black nationalism and the struggle for gay rights in the pre and post Stonewall eras The essays also highlight Baldwin s understudied role as a trans Atlantic writer his lifelong struggle with faith and his use of music especially the blues as a key to unlock the mysteries of his identity as an exile an artist and a black American in a racially hostile era *The Theatre Guide* Trevor R. Griffiths,2014-07-04

With over 500 entries on the most important plays and playwrights performed today The Theatre Guide provides an authoritative A Z of the contemporary theatre scene From Aristophanes to Mark Ravenhill The Alchemist to The Talking Cure the Guide is both biographically detailed and critically current while an extensive cross referencing system allows for wider perspectives and new discoveries Stimulating observant and informative The Theatre Guide is an essential companion and reference tool for anyone with an active interest in drama *The Columbia Guide to Asian American Literature Since 1945* Guiyou

Huang,2006-08-08 The Columbia Guide to Asian American Literature Since 1945 *Hollywood Knights* S.

Aronstein,2016-04-30 Hollywood Knights examines Hollywood Arthuriana as political nostalgia offered to American viewers during times of cultural crisis the red scare of the 1950s the breakdown of traditional authority in the 1960s and 1970s the turn to the right in the 1980s and the redemption of masculine and national authority in the 1990s Its analysis of these films explores their proposal of an ideal past an Americanized Camelot and a democratized chivalry as the solution to the problems of a troubled present a solution that will ensure prosperity in the homeland and a globally beneficial American authority abroad *Poor Richard's Principle* Robert Wuthnow,1998-01-12

The American Dream is in serious danger according to Robert Wuthnow not because of economic conditions but because its moral underpinnings have been forgotten In the past this vision was not simply a formula for success but a moral perspective that framed our thinking about work and money in terms of broader commitments to family community and humanitarian values Nowadays we are working harder than ever and yet many of us feel that we are not realizing our higher aspirations as individuals or as a people Here Wuthnow examines the struggles in which American families are now engaged as they try to balance work and family confront the pressures of consumerism and find meaning in their careers He suggests that we can find economic instruction and inspiration in the

nation's past in such figures as Benjamin Franklin for instance who was at once the prudent Poor Richard the engaged public person and the enthusiastic lover of life Drawing on first hand accounts from scores of people in all walks of life and from a national survey the book shows that work and money cannot be understood in terms of economic theories alone but are inevitably rooted in our concepts of ourselves and in the symbolic rituals and taboos of everyday life By examining these implicit cultural understandings of work and money the book provides a foundation for bringing moral reasoning more fully to bear on economic decisions It re-examines the moral arguments that were prominent earlier in our history shows how these arguments were set aside with the development of economic thinking and suggests their continuing relevance in the lives of people who have effectively resisted the pressures of greater financial commitments Demonstrating that most Americans do bring values implicitly to bear on their economic decisions the book shows how some people are learning to do this more effectively and in the process gain greater control over their work and finances At a time when policymakers are raising questions about the very survival of the American dream Poor Richard's Principle offers an analysis of how moral restraint can once again play a more prominent role in guiding our thinking

Pedagogy into Practice Frances R. Spielhagen, Nicole Speranzo, 2020-01-01 The purpose of this book is to help new teachers transition from students in education courses to proactive educators who can translate what they have learned in methods classes into realistic practices as novice teachers This book will help these candidates operationalize good educational pedagogy and understand the connections between theory and practice This book will also explain the logical connections between standard curriculum theory and certification examinations like the edTPA Pedagogy into Practice is also answering the current cry of how to teach in a virtual setting during this Pandemic by offering up to date information on virtual learning PRAISE FOR PEDAGOGY INTO PRACTICE An expert in teacher education and a novice teacher brilliantly combine forces to help teachers improve their first years in service This text is skillfully crafted and thoughtfully laid out in a way that will provide you a roadmap to navigate the common issues and concerns all new teachers face From understanding curriculum design to aligning assessments to planning this valuable resource will be your go to guide Also a powerful text for teacher training you will want to make sure this text is close at hand Richard M Cash Educator and Consultant Author of *Advancing Differentiation Thinking and Learning for the 21st Century* This is an excellent resource that will be extremely valuable to the busy classroom teacher Margaret Sutherland Senior Lecturer and Director Post Graduate Research in the School of Education University of Glasgow Scotland Long overdue and so needed Pedagogy into Practice A Handbook for New Teachers is an educational guide through the lenses of a master and novice educator The authors converge their individual perspectives to provide a practical and insightful guide for teachers in all aspects of the teaching profession Experienced and new teachers to the profession will refer to this handbook time and time again Dana McDonough 2016 New York State Teacher of the Year *Indiana's 200* Linda C. Gugin, James E. St. Clair, 2016-05-20 Part of the Indiana Historical Society's commemoration of the nineteenth state

s bicentennial Indiana s 200 The People Who Shaped the Hoosier State recognizes the people who made enduring contributions to Indiana in its 200 year history Written by historians scholars biographers and independent researchers the biographical essays in this book will enhance the public s knowledge and appreciation of those who made a difference in the lives of Hoosiers the country and even the world Subjects profiled in the book include individuals from all fields of endeavor law politics art music entertainment literature sports education business industry religion science invention technology as well as the notorious

The Academic Writer Lisa Ede, 2010-12-27 Written in Lisa Ede s accessible supportive style The Academic Writer is an affordable brief guide to the essentials of academic writing and research By framing writing situations in terms of the writer reader text and medium the text helps students think rhetorically and make effective choices as they write Abundant student models advice on writing in the disciplines and attention to visuals and design make this text a perfect introduction to college writing at a great price
