Dark Matter in Breaking Cyphers Imani Kai Johnson, 2023 The dance circle called the cypher is a common signifier of breaking culture known more for its spectacular moves than as a ritual practice with foundations in Africanist aesthetics Yet those foundations evident in expressive qualities like call and response the aural kinesthetic the imperative to be original and more are essential to cyphering s enduring presence on the global stage What can cyphers activate beyond the spectacle What lessons do cyphers offer about moving through and navigating the social world And what possibilities for the future do they animate With an interdisciplinary reach and a riff on physics author Imani Kai Johnson centers the voices of practitioners in a study of breaking events in cities across the US Canada and parts of Europe

Hip Hop's Inheritance Reiland Rabaka, 2011-01-01 Hip Hop s Inheritance arguably offers the first book length treatment of what hip hop culture has literally inherited from the Harlem Renaissance the Black Arts movement the Feminist Art movement and 1980s and 1990s postmodern aesthetics By comparing and contrasting the major motifs of the aforementioned cultural aesthetic traditions with those of hip hop culture all the while critically exploring the origins and evolution of black popular culture from antebellum America through to Obama s America Hip Hop s Inheritance demonstrates that the hip hop generation is not the first generation of young black and white folk preoccupied with spirituality and sexuality race and religion entertainment and athletics or ghetto culture and bourgeois culture Taking interdisciplinarity and intersectionality seriously Hip Hop s Inheritance employs the epistemologies and methodologies from a wide range of academic and organic intellectual activist communities in its efforts to advance an intellectual history and critical theory of hip hop culture Drawing from academic and organic intellectual activist communities as diverse as African American studies and women s studies postcolonial studies and sexuality studies history and philosophy politics and economics and sociology and ethnomusicology Hip Hop s Inheritance calls into question one dimensional and monodisciplinary interpretations or rather misinterpretations of a multidimensional and multivalent form of popular culture that has increasingly come to include cultural criticism social commentary and political analysis

The Oxford Handbook of Dance and the Popular Screen Melissa Blanco Borelli, 2014-07-01 The Oxford Handbook of Dance and the Popular Screen sets the agenda for the study of dance in popular moving images films television shows commercials music videos and YouTube and offers new ways to understand the multi layered meanings of the dancing body by engaging with methodologies from critical dance studies performance studies and film media analysis Through thorough engagement

Filling the Head Rayya El Zein, 2025-06-03 When asked what drew them to experimental Arabic language rap performers and fans shared a common refrain various artists or tracks filled their head abba rasshom offering relief from their dissatisfaction cynicism resignation and disgust with contemporary politics and society Based on ethnographic research in Ramallah Palestine Amman Jordan and Beirut Lebanon Filling the Head reveals how youths in these cities have maneuvered the challenges of making music while also navigating shifting geopolitical landscapes Through these everyday experiences of being moved by music or ideas Rayya El Zein explores how ordinary patterns of motion and emotion provide a space for political engagement when spectacular political movements like protests strikes or revolutions feel far away forced or otherwise impossible In contrast to existing narratives that equate rap with popular political resistance against oppressive regimes she argues instead for affective engagement through istifzaz provocation or surprise as well as yearning Within this avant garde genre there is no design to reach the masses with a political message in fact as El Zein demonstrates the refusal of artists to confine their lyrical or musical experimentation to an ethos of resistance creates an aesthetic whose lack of singular politics defines it Threading reflections from fans rappers DJs producers and venue owners with thick descriptions of live concerts and mediated listening practices Filling the Head offers new insights into what it means politically to be moved

The Hiplife in Ghana H. Osumare, 2012-09-06 The Hiplife in Ghana explores one international site Ghana West Africa where hip hop music

and culture have morphed over two decades into the hiplife genre of world music. It investigates hiplife music not merely as an imitation and adaptation of hip hop but as a reinvention of Ghana's century-old highlife popular music tradition. Author Halifu Osumare traces the process by which local hiplife artists have evolved a five-phased indigenization process that has facilitated a youth-driven transformation of Ghanaian society. She also reveals how Ghana's social shifts facilitated by hiplife have occurred within the country's corporate recolonization, serving as another example of the neoliberal free market agenda as a new form of colonialism. Hiplife artists we discover are complicit with these global socio-economic forces even as they create counter narratives that push aesthetic limits and challenge the neoliberal order.

Rap Music and the Youth in Malawi Ken Lipenga Jr., 2022-11-29. Rap Music and the Youth in Malawi is one of the first book-length studies of Malawian hip hop. It studies the language and content of contemporary Malawian hip hop as a window onto the country's youth culture as Malawian young people negotiate what scholar Alcinda Honwana calls waithood or the condition common among Malawian youth of lacking opportunities to advance from a situation of dependence and being stuck in a state of relative childhood. The book argues that rap music made by Malawian youth speaks of and represents through its very agency their need to break out of this stagnant state. After situating Malawian hip hop with respect to both other musical genres in the country and to the nation's language in culture, Rap Music and the Youth in Malawi shows how Malawian youth use rap music to create a sense of community which then becomes a foothold from which they can do activities that get them out of waithood and into the adult world, such as getting involved in the music industry, realizing electoral power, or participating in activism about issues such as violence against people with albinism and the COVID-19 pandemic. Hip hop has been a crucial tool for Malawian youth to build the skills, identity, and agency necessary to exercise their economic, cultural, and civic independence.

This unprecedented study

shows how Nairobi artists circulate diasporic blackness while at the same time indigenizing hip hop music to interrogate Kenya's sociopolitical landscape

Afropolitanism: Reboot Carli Coetzee, 2017-05-23 This edited collection comprises an original and activist group of contributions on that much maligned figure the Afropolitan. The contributors do not aim to define or fix the term anew; the reboot is instead the beginnings of an activist scholarly agenda in which the Afropolitan is reimagined to include the stealthy figure crossing the Mediterranean by boat and the Somali shopkeeper in a South African township. In their pieces included here, the authors insist on the need to ask questions about the inclusion of such globally mobile Africans in any theorisations of the transnational circuits we call Afropolitan. This collection from some of the foremost voices on Afropolitanism invigorates anew the debate and reboots understandings of who the Afropolitan is, the many places he calls his origin and the multiple places she comes to call home in the world. The chapters in this book were originally published in the *Journal of African Cultural Studies*.
