The Amateur By Edward Klein Regnery June 3 22:

Divider-in-Chief Kate Obenshain,2012-09-04 Expose of the hypocrisy cynicism and extremism of the Obama administration This book identifies where and how he has been the ultimate divider of Americans Obama's America
Dinesh D'Souza,2014-07 Argues that President Obama intends to weaken America so that other nations may rise in the name of global fairness claiming that a second Obama term would bring about defense cuts and increased dependence on foreign energy
Hunting the President Mel Ayton,2014-04-14 In American history four U S Presidents have been murdered at the hands of an assassin In each case the assassinations changed the course of American history But most historians have overlooked or downplayed the many threats modern presidents have faced and survived Author Mel Ayton sets the record straight in his new book Hunting the President Threats Plots and Assassination Attempts From FDR to Obama telling the sensational story of largely forgotten or never before revealed malicious attempts to slay America s leaders Supported by court records newspaper archives government reports FBI files and transcripts of interviews from presidential libraries Hunting the President reveals How an armed would be assassin stalked President Roosevelt and spent ten days waiting across the street from the White House for his chance to shoot him How the Secret Service foiled a plot by a Cuban immigrant who told coworkers he was going to shoot LBJ from a window overlooking the president s motorcade route How a deranged man broke into Reagan s California home and attempted to strangle the former president before he was subdued by Secret Service agents In early 1992 a mentally deranged man stalking Bush turned up at the wrong presidential venue for his planned assassination attempt The relationships presidents held with their protectors and the effect it had on the Secret Service s mission Hunting the President opens the vault of stories about how many of our recent Presidents have come within a hair s breadth of assassination leaving America s fate in the balance Most of these stories have remained buried until now

Prisoners of the White House Kenneth T. Walsh,2015-11-17 Prisoners of the White House looks at the isolation experienced by presidents of the United States in the White House a habitat almost guaranteed to keep America s commander in chief far removed from everyday life The authors look at how this is emerging as one of the most serious dilemmas facing the American presidency As presidents have become more isolated the role of the presidential pollster has grown Ken Walsh has been given exclusive access to the polls and confidential memos received by presidents over the years and has interviewed presidential pollsters directly to gain their unique perspective Prisoners of the White House gets inside the bubble and punctures the mythology surrounding the presidency *Presidency and Domestic Policy* Michael A. Genovese,Todd L. Belt,William W. Lammers,2015-11-17 This book systematically examines the first terms of every president from FDR to Barack Obama and assesses the leadership style and policy agenda of each Success in bringing about policy change is shown to hinge on the leadership style and skill in managing a variety of institutional and public relationships The second edition of this timely book adds chapters on George W Bush and Obama and focuses on the significant domestic policy

challenges of their respective times The authors have reconfigured the analytical framework of the book to take into account the dynamic opportunity structure that emerged during the George W Bush administration The Presidency and Domestic Policy provides unique insights into contemporary presidential leadership in a highly partisan age Christianity in America G. Wright Doyle,2013-07-17 Was America founded as a Christian nation What role has the Christian faith of many of its leaders played in the course of its history How has Christianity affected American culture and society This trenchant critique of the role of Christianity in American history highlights both the ways in which Christians have made many valuable contributions as salt and light and how they have caused a great deal of damage by trying to be savior and lord Believers in Christ have built one of the most Christianized countries in the world with benefits for millions They have also nurtured messianic aspirations that have spawned disasters for themselves and other countries Generous in praise for dedicated believers who have reflected the character of Christ the book is also unsparing in criticism of Christians who have sometimes with the best intentions failed to act wisely In short the reader will be encouraged by the many triumphs of Christianity in America and sobered by its tragedy **American Book Publishing Record** R.R.
