Egypt Colin Pearson, Kees Mol, 1988 **Arabian Horse Families of Egypt** Kees Mol, 1995-08-01 **The Classic Arabian Horse** Judith Forbis, 1976 The beauty grace and uniformity of these magnificent horses bred selectively for centuries are unexcelled and every Arabian owner will agree that there is a spiritual bond and kinship between the Arabian horse and its master such as exists with no other breed This is the most comprehensive and authoritative work on its subject The author traces Arabians from 1580 B C to the present and through all the countries where they have been bred Over 200 photographs and reproductions of ancient and modern art depict the great horses of the past and present the conditions under which they were kept how they were trained and how the strains were developed Drawings show the important points of the classic Arabian and charts outline the major strains The canvas on which the author has painted this panorama of the Arabian is large and it is dedicated to the creative breeders not only of the past and present but especially of the future

The Arabian Horse Gail Stewart, 1995 The history and abilities of this ancient breed are explored The Matrilines of the Egyptian Arabian Horse William M. Hudson (Jr.), 2018 Controversy over the meaning of the term purebred Arabian horse has been at the center of the debate Beyond this question the validity and accuracy of the recorded pedigrees once considered an unimpeachable source of the genetic composition of many specific Arabian horses have been questioned The two issues are closely connected There is simply no escape from the dilemma The controversy over Arabian horse pedigree accuracy has had a direct and significant effect on the decision making process in Arabian horse breeding operations throughout the world Animal pedigrees like human pedigrees are at times flawed Accidents have been known to happen even in the best regulated families All of this would be of only marginal interest except for the fact that modern scientific methods now exist that can ferret out these errors and establish the true family relationships of individual Arabian horses living today The purpose in writing this book is to present an original DNA research study of Egyptian Arabian matrilines presented in

Chapter Ten This study provides a catalogue of the mitochondrial DNA identity of all surviving matrilineal lines tabulated in the Egyptian Arab horse breeding records as defined by Colin Pearson in *The Arabian Horse Families of Egypt* Alexander Heriot and Co Ltd published in 1988 The Pearson book was chosen as the gold standard for this study because of his meticulous and thorough research methods Pearson was motivated by a deeply felt attraction to the horses of Egypt as well as a sense of academic zeal in connection with the questions of the origins of the horses He was not partisan in matters of documentary conflict He was as his editors Kees Mol and James Fleming noted motivated by an unwavering commitment to eliminating conjecture in his work Where gaps and inconsistencies were found he noted these He did not speculate on possible interpretations *The Arabian Horse Captured in Time* Gigi Grasso, 1995 **Biblical Repository and Quarterly**
