HEART TO TOES

From the bottom of my heart
To the tip of my toes,
You are the best.
And that -
Everyone knows.
I thank you. I thank you.
You do have the touch.
You've made me so happy.
I thank you
So much.

A Legacy in Poems Claude Dallas, 2012-10. Title: INITIATING A LEGACY OF POEMS WAS DESIGNED TO Provide a written record of my life, transforming decisions and experiences for my descendants. It is something that I wished had been available for me to assist in my positive self-development as a young man. Record the lessons on life learned from my father and his father to be passed down to future generations. To serve as a guide and template for others who desire to reflect upon their relationships and experiences. Encourage other men in refining and expanding their sense of purpose and destiny. Serve as an example to many of my cultural and spiritual brothers of the importance of recording a written legacy. *Legacy Journal of Personal Transformation* is an open-ended work of poems and other literature that will be used in the context of speaking with my offspring and their progeny to fill in the dash between the date on which I was born and the date on which I physically depart this dear earth. It is my intention to continue to record my personal life's journey, the significant events in my life, and the decisions that resulted. May my vulnerability expressed in these writings assist my heirs and others in becoming more aware of the presence, plans, power, and purpose of God. May they treasure the blessings of many past generations who have prayed for them and labored knowing that they would never see this day. 1 Proverbs 13:22 A good man leaves an inheritance for his children's children, but a sinner's wealth is stored up for the righteous. Chicken Soup for the Teenage Soul Letters Jack Canfield, Mark Victor Hansen, 2012-10-23. A collection of the most important letters received from teens responding to the *Chicken Soup for the Teenage Soul* series; this book is a powerful reflection of the feelings of a generation of readers. Some letters will make readers laugh, and others will make them cry, but all the letters reveal that teens share similar outlooks, experiences, and feelings. Building School and Home, **Stuff White People Like (To Talk About)** Christian Lander, 2011-10-25. ever having stepped into a real classroom I have stepped into many classrooms many times over many years and now feel qualified to write my first book Having successfully survived as a teacher forty five years in the public and private sectors of both the New York and Nevada school systems prompted me to write this book a book packed with lessons that work school humor enrichment activities and sage advice ready to be used by anyone who desires to instill a love of learning in a child You may wish to do many of the lessons with your students Most of the text deals with activities based on beloved childrens books I have selected more than fifty childrens books I most enjoyed reading and teaching my students Although some of these books never achieved Newbery Medal award status each book teaches something of lifes lessons and each is a gem My first priority was selecting excellent childrens books I have selected a broad and diverse collection of childrens books with the hope that by using these books daily with all elementary school children each child can learn to love books and appreciate the extended benefits of lifelong literacy To give you a true flavor of what is covered a summary of each part follows Welcome to Pencils Down Part One School Humor You are reading this either because you are contemplating a career in teaching or are curious to find out whether a veteran teacher can still be sane after spending forty five years in the classroom Part One presents the humorous side to an otherwise serious profession You will get a glimpse of nineteenth and early twentieth century rules for teachers and peruse a copy of the contract teachers were made to sign Both will make you wonder why anyone would consider a career in education You will find out what teachers make and be privy to the publics low opinion of teachers salaries If you survive the reality show for educators you may continue reading the book School anecdotal incidents accrued from many years in the classroom will be shared You will learn why God created the teacher and will be introduced to the new school policy A test designed for preschoolers will challenge you Answers from kindergartners and first graders as to why we read and write will be sure to surprise and amuse you Actual student test answers and parental notes are included both good for a chuckle The difference between an educator and a teacher will be clarified Todays schools vs schools in the 50s and 60s will make you wish you were teaching in a simpler era and make you wonder if schools are still teaching math An Australian schools answering machine will make you smile as will the eleven things you did not and will not learn in school Part Two Getting to Know You Getting to know you Getting to know all about you
