Kenneth McKenzie, 1914 *Givenness and Revelation* Jean-Luc Marion, 2016-03-24 Givenness and Revelation represents both the unity and the deep continuity of Jean Luc Marions thinking over many decades This investigation into the origins and evolution of the concept of revelation arises from an initial reappraisal of the tension between natural theology and the revealed knowledge of God or sacra doctrina Marion draws on the re definition of the notions of possibility and impossibility the critique of the reification of the subject and the unpredictability of the event in its relationship to the phenomenology of the gift This work begins and ends in the concept of revelation thus addressing the very heart and soul of Marion s theology concluding with a phenomenological approach to the Trinity that rests in the Spirit as gift Givenness and Revelation enhances not only our understanding of religious experience but enlarges the horizon of possibility of phenomenology itself
