The Art of Falling Lexy Timms, Falling in love is a wonderfully terrifying sensation. I couldn't believe it. My very first book was being turned into a movie and my boyfriend was cast in a leading role. We packed up for a month of filming in Italy where I was looking forward to long walks in the countryside and stolen kisses under the moonlight. The problem was that I didn't want anyone to think that Jace had gotten the part because of me. He was talented in his own right and if everyone knew we were an item, they would think he was sleeping his way to the top. Did I mention that he used to be an escort? We decided that the best course of action was to keep our relationship on the down low. How hard could it be to keep our hands off each other for a month? We had plenty of work to distract ourselves. From overbearing costars to constant rewrites, we barely had time to sneak off and enjoy the fruits of our labor. As the days passed, we became less and less concerned about what other people might think. Until finally, someone caught us and left us in a bind. Would Jace have to give up his spot and the chance at a Hollywood career to save my reputation? Would I let him do that or would I fall on the sword of my own ruined ambition and come clean?
