Kerner,2010-01-19 Exposes the agenda behind the bio robotic grey aliens genetic manipulation of certain human races Reveals the Grey s nature as sophisticated self aware machines created by a long vanished extraterrestrial civilization Explains how their quest to capture human souls appears in the historical record from biblical times Explains how the phenomenon of racism is a by product of their genetic tampering In 1997 Nigel Kerner first introduced the notion of aliens known as Greys coming to Earth explaining that Greys are sophisticated biological robots created by an extraterrestrial civilization they have long since outlived In this new book Kerner reveals that the Greys are seeking to master death by obtaining something humans possess that they do not souls Through the manipulation of human DNA these aliens hope to create their own souls and thereby escape the entropic grip of the material universe in favor of the timeless realm of spirit Kerner explains that genetic manipulation by the Greys has occurred since biblical times and has led to numerous negative qualities that plague humanity such as violence greed and maliciousness Racism he contends was developed by the aliens to prevent their genetic experiments from being compromised by breeding with others outside their influence Examining historical records Kerner shows that Jesus who represented an uncorrupted genetic line warned his disciples about the threat posed by these alien interlopers while Hitler a pure product of this alien intelligence waged genocide in an attempt to rid Earth of all those untouched by this genetic tampering Despite the powerful grip the Greys have on humanity Kerner says that all hope is not lost Greys exist wholly in the material world so if we follow the spiritual laws of reincarnation and karma aiming for enlightenment and rising above the material a state the Greys are unable to reach we can free ourselves from their grasp Subtle Bodies Glenn Peers,2001-02-14 Throughout the course of Byzantine history Christian doctrine taught that angels have a powerful place in cosmology It also taught that angels were immaterial bodiless invisible beings But if that were the case how could they be visualized and depicted in icons and other works of art This book describes the strategies used by Byzantine artists to represent the incorporeal forms of angels and the rationalizations in defense of their representations mustered by theologians in the face of iconoclastic opposition Glenn Peers demonstrates that these problems of representation provide a unique window on Late Antique thought in general *Three Thousand Years of Mental Healing*

The Post-Truth Era Ralph Keyes,2004-10-03 Dishonesty inspires more euphemisms than copulation or defecation This helps desensitize us to its implications In the post truth era we don't just have truth and lies but a third category of ambiguous statements that are not exactly the truth but fall just short of a lie Enhanced truth it might be called Neo truth Soft truth Faux truth Truth lite Deception has become the modern way of life Where once the boundary line between truth and lies was clear and distinct it is no longer so In the post truth era deceiving others has become a challenge a game a habit High profile dissemblers compete for news coverage from journalists like Jayson Blair and professors like Joseph Ellis to politicians of all stripes executives and creative accountants Research suggests that the average American tells multiple lies on a daily basis often for no good reason Not a finger wagging scolding The Post Truth Era is a combination of Ralph Keyes's investigative journalism and solid science The result is a spirited exploration of why we lie about practically everything and the consequences such casual dishonesty has on society American society has become permeated from top to bottom by deception Its consequences for the nature of public discourse media business literature academia and politics are profound With dry humor passionate fervor and deep understanding Ralph Keyes takes us on a tour of a world where truth and honesty are no longer absolutes but mutable fluid concepts *The Works of the Right Reverend Joseph Hall* Joseph Hall,1863
