The Alpha Female's Guide to Men and Marriage Suzanne Venker, 2017-02-14 As seen on Fox Friends The Alpha Female's Guide to Men and Marriage shows women who have a dominating personality how to love a man America is in love with the alpha female She's the quintessential modern woman assertive razor sharp and fully in control Her success in the marketplace is undeniable a downright boon to society But what happens when the alpha female gets married She becomes an alpha wife of course An alpha wife is in charge of everything and everyone She is quite simply the Boss The problem is no man wants a boss for a wife That type of relationship may work for a spell but it will eventually come crashing down Since 1970 just as women became more and more powerful outside the home more alpha the divorce rate has quadrupled And it is women who lead the charge Today 70% of divorce is initiated by wives Do men just make lousy husbands Not at that rate says Suzanne Venker bestselling author of The War on Men The truth is that women don't know how to be wives Why would they That's not what they were raised to become But women can learn There's an art to loving a man says Venker and any woman can master it An alpha female herself Venker learned how to be a wife the hard way through trial and error Lots of error And here's what she knows today the set of skills a woman needs to pursue a career or even to raise children is the exact set of skills that will mess up her marriage but good No man likes to be told what to do And no woman respects the man who does The Alpha Female's Guide to Men and Marriage gives women who are used to being in charge the tools they need to make their marriages less competitive and more complementary Part memoir part advice this brave manifesto argues that while marriage is more challenging for the alpha female it is possible to find peace in your marriage In fact it may be easier than you think

Finding My Alpha Thea Reed, 2015-04-22 Finding my alpha expresses the conviction of one woman as she

explicitly expresses the emotional turmoil the sacrifices and the love she shared with one man for twelve years of marriage. Thea Reed is a first time author who critically looks at the choices she made as an empowered woman before marriage and the shift in scales to a submissive beta wolf who did whatever she could to make her marriage work. The book openly explores the belief systems of being an Indian female and the mental barriers faced in a journey to finding inner strength and the will to stand tall. The alpha wolf. Real life events and incidents allow the reader to connect with her pain and identify with the number of boundaries Thea allowed to be crossed. She gives insight into the tools and support structures she put in place to build her mental and physical strength and bravely reflects on her shadow self. Understanding the meaning of not giving in easily and fighting with every bit of your soul, this book brings a refreshing view of unconditional love and finding peace when all roads have been exhausted.

The Third Variable Ralph Graves, 2015-08-05 Helping couples answer some of the unknown unspoken questions that may dormantly reside within the marriage

What Can We Know About Sex? Gisèle Chaboudez, 2022-10-21 Despite the progress made by psychoanalysis since Freud's discovery of the sexual nature of the unconscious, analysts have tended to explore psychical causality independently of the role of the biological factors at play in sexuality. What Can We Know About Sex explains how Lacan's work allows us to make new links between the sexual laws of discourse, gender, and what Freud called the biological rock in human life, allowing a new perspective not only on the history of the sexual couple but on contemporary developments of sexuality in the 21st century. Gisèle Chaboudez's insights demonstrate that the old phallic logic that has been so dominant is now in the process of being dismantled, opening up the question of how people can relate sexually and what forms of jouissance are at stake for contemporary subjectivity. What Can We Know About Sex will be a key text for analysts, academics, and students of feminism, gender, and sexuality.
