

The Architecture of "Red Vienna"

In the spirit of socialism, said party leader and theorist, Otto Bauer, apartment blocks included "central kitchens and laundries, central heating, play and classrooms for children, common dining rooms, reading and game rooms for adults, and the cooks, laundresses and child-care specialists required for the functioning of these communal facilities." These comprehensively designed social spaces would configure a "new person." The architect was a social engineer; the urban reformer was pedagogue. By changing the objective conditions of life, people would change.

Rebel Modernists Liane Lefaivre, 2017 Set within the fascinating cultural and political world of Vienna from the fin de siecle to the present day this book provides an insightful analysis of the city s extraordinarily rich architectural tradition Since 1900 Vienna has produced many great architects and their work includes some of the finest masterpieces of the twentieth century such as Otto Wagner s Stadtbahn stations his Postsparkasse and his Majolica House Adolf Loos s American Bar and Goldman Salastch the Secession building by Joseph Maria Olbrich and Josef Hoffmann s Palais Stoclet not to mention Ludwig Wittgenstein s House for his sister Beginning with Wagner s polemical manifesto Moderne Architektur it stresses the importance of the fraught and highly polarized cultural politics that engulfed

Vienna for most of the twentieth century and ultimately produced much of what is modern in every field of culture and science. It shows how leading cultural figures such as Freud, Mahler, Schoenberg, Klimt and Twain encouraged a rebellious architecture which continued in later eras with the Wiener Gruppe amongst others. The book also places architectural history within the context of the political economy that has shaped Vienna and highlights the relatively unknown tradition of Viennese social housing initiated by social democratic Red Vienna in the 1920s. Today 60% of Vienna's population lives in the most successful social housing in the world which has proved to be an important factor in stimulating the highly successful economy of the country as a whole.
