## **The Ascetic Of Desire:**

**The Ascetic of Desire** Sudhir Kakar, 2000-03-27 Side by side with the unfolding of Vatsyayana's life is the story of a young man's coming of age as the pupil finds to his consternation that his own life has begun to reflect and parallel the ascetic's narrative At the point where their stories intersect the unexpected happens **BOOK JACKET**

**The Ascetic of Desire** Sudhir Kakar, 1998-01-01

**The Sex Lives of Saints** Virginia Burrus, 2010-08-03 Has a repressive morality been the primary contribution of Christianity to the history of sexuality The ascetic concerns that pervade ancient Christian texts would seem to support such a common assumption Focusing on hagiographical literature Virginia Burrus pursues a fresh path of interpretation arguing that the early accounts of the lives of saints are not antierotic but rather convey a sublimely transgressive countereroticism that resists the marital procreative ethic of sexuality found in other strands of Christian tradition Without reducing the erotics of ancient hagiography to a single formula The Sex Lives of Saints frames the broad historical theological and theoretical issues at stake in such a revisionist interpretation of ascetic eroticism with particular reference to the work of Michel Foucault and Georges Bataille David Halperin and Geoffrey Harpham Leo Bersani and Jean Baudrillard Burrus subsequently proceeds through close performative readings of the earliest Lives of Saints mostly dating to the late fourth and early fifth centuries Jerome's Lives of Paul Malchus Hilarion and Paula Gregory of Nyssa's Life of Macrina Augustine's portrait of Monica Sulpicius Severus's Life of Martin and the slightly later Lives of so called harlot saints Queer's m and postcolonial theories are among the contemporary discourses that prove intriguingly resonant with an ancient art of saintly loving that remains in Burrus's reading promisingly mobile diverse and open ended

**Counterpleasures** Karmen MacKendrick, 1999-01-01 Takes up a series of literary and physical pleasures that do not appear to be pleasurable ranging from Christian saintly asceticism to Sadean narrative to contemporary's m practices

**Nietzsche and Montaigne** Robert Miner, 2017-09-30 This book is a historically informed and textually grounded study of the connections between Montaigne the inventor of the essay and Nietzsche who thought of himself as an attempter In conversation with the Essais Nietzsche developed key themes of his oeuvre experimental scepticism gay science the quest for drives beneath consciousness the free spirit the affirmation of sexuality and the body and the meaning of greatness Robert Miner explores these connections in the context of Nietzsche's reverence for Montaigne a reverence he held for no other author and asks what Montaigne would make of Nietzsche The question arises from Nietzsche himself who both celebrates Montaigne and includes him among a small number of authors to whose judgment he is prepared to submit

*Transformations and Transfer of Tantra in Asia and Beyond* István Keul, 2012-01-27 The essays in this volume written by specialists working in the field of tantric studies attempt to trace processes of transformation and transfer that occurred in the history of tantra from around the seventh century and up to the present The volume gathers contributions on South Asia Tibet China Mongolia Japan North America and Western Europe by scholars from various academic disciplines who present ongoing research and encourage discussion on significant

themes in the growing field of tantric studies In addition to the extensive geographical and temporal range the chapters of the volume cover a wide thematic area which includes modern Bengali tantric practitioners tantric ritual in medieval China the South Asian cults of the mother goddesses the way of Buddhism into Mongolia and countercultural echoes of contemporary tantric studies

**Language, Eros, Being** Elliot R. Wolfson, 2009-08-25 This long awaited magisterial study an unparalleled blend of philosophy poetry and philology draws on theories of sexuality phenomenology comparative religion philological writings on Kabbalah Russian formalism Wittgenstein Rosenzweig William Blake and the very physics of the time space continuum to establish what will surely be a highwater mark in work on Kabbalah Not only a study of texts Language Eros Being is perhaps the fullest confrontation of the body in Jewish studies if not in religious studies as a whole Elliot R Wolfson explores the complex gender symbolism that permeates Kabbalistic literature Focusing on the nexus of asceticism and eroticism he seeks to define the role of symbolic and poetically charged language in the erotically configured visionary imagination of the medieval Kabbalists He demonstrates that the traditional Kabbalistic view of gender was a monolithic and androcentric one in which the feminine was conceived as being derived from the masculine He does not shrink from the negative implications of this doctrine but seeks to make an honest acknowledgment of it as the first step toward the redemption of an ancient wisdom Comparisons with other mystical traditions including those in Christianity Buddhism and Islam are a remarkable feature throughout the book They will make it important well beyond Jewish studies indeed a must for historians of comparative religion in particular of comparative mysticism Praise for Elliot R Wolfson *Through a Speculum That Shines* is an important and provocative contribution to the study of Jewish mysticism by one of the major scholars now working in this field *Speculum*

**Transgressive Devotion** Natalie Wigg-Stevenson , 2021-02-28 Academic theology is in need of a new genre In *Transgressive Devotion* Natalie Wigg Stevenson articulates a theological vision of that genre as performance art She argues that theology done as performance art stops trying to describe who God is and starts trying to make God appear Recognising that the act of studying theology or practicing ministry is always a performance where the boundaries between what we see feel experience and learn are not just blurred but potentially invisible Wigg Stevenson brings together ethnographic theological fieldwork historical and contemporary Christian theological traditions and performance artworks themselves A daring vision of theology which will energise anybody feeling boxed in by the discipline *Transgressive Devotion* blurs borders between orthodoxy heterodoxy and heresy to reveal how the very act of doing theology makes God and humanity vulnerable to each other This is theology which is a liturgy of Divine incantation In other words this is theology which is also prayer

**The Jātaka** Edward Byles Cowell, 1907      **The Padma-Purana Part 2** Dr. G.P. Bhatt, Dr. N.A. Deshpande, 2013-01-01      **The Majjhima Nikāya** Bhikkhu Sīlācāra, 1912      **THE SPIRIT AND ORIGIN OF CHRISTIAN MONASTICISM** James O. Hannay, 2017-06-07 The Catholic ideal is the ascetic life The true monk is the perfect Christian This says Thomas a Kempis is the highest wisdom by contempt of the world to make for the regions of heaven

Possession of property marriage fatherhood blind a man's eyes to life's greatest possibility the beatific vision of the King in His beauty The monk's complete renunciation of all which the world holds to be good is at once the proof of his devotion and the means whereby he is able to arrive most swiftly and certainly at close personal communion with God In the lawful fulfillment of his body's functions he comes nearest to achieving the purpose of God who made the body what it is In making the most that he can honestly out of life's opportunities for gain and joy he best shows his thankfulness to the God who placed him in the world Monastic Series Vol 9 *Dreams in Late Antiquity* Patricia Cox Miller, 2020-07-21 Dream interpretation was a prominent feature of the intellectual and imaginative world of late antiquity for martyrs and magicians philosophers and theologians polytheists and monotheists alike Finding it difficult to account for the prevalence of dream divination modern scholarship has often condemned it as a cultural weakness a mass lapse into mere superstition In this book Patricia Cox Miller draws on pagan Jewish and Christian sources and modern semiotic theory to demonstrate the integral importance of dreams in late antique thought and life She argues that Graeco Roman dream literature functioned as a language of signs that formed a personal and cultural pattern of imagination and gave tangible substance to ideas such as time cosmic history and the self Miller first discusses late antique theories of dreaming with emphasis on theological philosophical and hermeneutical methods of deciphering dreams as well as the practical uses of dreams especially in magic and the cult of Asclepius She then considers the cases of six Graeco Roman dreamers Hermas Perpetua Aelius Aristides Jerome Gregory of Nyssa and Gregory of Nazianus Her detailed readings illuminate the ways in which dreams provided solutions to ethical and religious problems allowed for the reconfiguration of gender and identity provided occasions for the articulation of ethical ideas and altogether served as a means of making sense and order of the world **The International Psychic Gazette**, 1915 Death of the Desert Christine Luckritz Marquis, 2022-03-22 In the late fourth century the world of Christianity was torn apart by debate over the teachings of the third century theologian Origen and his positions on the incorporeality of God In the year 400 Archbishop Theophilus of Alexandria convened a council declaring Origen's later followers as heretics Shortly thereafter Theophilus banished the so called Tall Brothers four Origenist monks who led monastic communities in the western Egyptian desert along with hundreds of their brethren In some accounts Theophilus leads a violent group of drunken youths and enslaved Ethiopians in sacking and desecrating the monastery in others he justly exercises his episcopal duties In some versions Theophilus' violent actions effectively bring the Golden Age of desert monasticism to an end in others he has shown proper respect for the desert fathers whose life of asceticism is subsequently destroyed by bands of barbarian marauders For some the desert came to be inextricably connected to violence and trauma while for others it became a site of nostalgic recollection Which of these narratives subsequent generations believed depended in good part on the sources they were reading In *Death of the Desert* Christine Luckritz Marquis offers a fresh examination of this critical juncture in Christian history and brings into dialogue narrative strands that have largely been

separated in the scholarly tradition She takes the violence perpetrated by Theophilus as a turning point for desert monasticism and considers how monks became involved in acts of violence and how that violence came back to haunt them More broadly her careful attention to the dynamic relations between memory practices the rhetorical constructions of place racialized discourse and language and deeds of violence speak to us in our own time

**The World's Religions** George Thomas Bettany,1890 Brief account of Australian and Tasmanian religious beliefs *Shelley and the Revolution in Taste* Timothy Morton,1994 This book brings together the themes of diet consumption the body and human relationships with the natural world in a highly original study of Shelley A campaigning vegetarian and proto ecological thinker Shelley may seem to us curiously modern but Morton offers an illuminatingly broad context for Shelley s views in eighteenth century social and political thought concerning the relationships between humanity and nature The book is at once grounded in the revolutionary history of the period 1790 1820 and informed by current theoretical issues and anthropological and sociological approaches to literature Morton provides challenging new readings of much debated poems plays and novels by both Percy and Mary Shelley as well as the first sustained interpretation of Shelley s prose on diet With its stimulating literary historical reassessment of questions about nature and culture this study will provoke fresh discussion about Shelley Romanticism and modernity

**Nietzsche's On the Genealogy of Morals** Christa Davis Acampora,2006-09-08 This astonishingly rich volume collects the work of an international group of scholars including some of the best known in academia Experts in ethics epistemology philosophy of mind political theory aesthetics history critical theory and hermeneutics bring to light the best philosophical scholarship what is arguably Friedrich Nietzsche s most rewarding but most challenging text Including essays that were commissioned specifically for the volume as well as essays revised and edited by their authors this collection showcases definitive works that have shaped Nietzsche studies alongside new works of interest to students and experts alike Sections are devoted to the topic of genealogy generally numerous essays on specific passages applications of genealogy in later thinkers and the import of Nietzsche s Genealogy in contemporary politics ethics and aesthetics A lengthy introduction annotated bibliography and index make this an extremely useful guide for the classroom and advanced research
