Relating Religion Jonathan Z. Smith,2004-11-10 One of the most influential theorists of religion Jonathan Z Smith is best known for his analyses of religious studies as a discipline and for his advocacy and refinement of comparison as the basis for the history of religions **Relating Religion** gathers seventeen essays four of them never before published that together provide the first broad overview of Smith s thinking since his seminal 1982 book *Imagining Religion* Smith first explains how he was drawn to the study of religion outlines his own theoretical commitments and draws the connections between his thinking and his concerns for general education He then engages several figures and traditions that serve to define his interests within the larger setting of the discipline The essays that follow consider the role of taxonomy and classification in the study of religion the construction of difference and the procedures of generalization and redescription that Smith takes to be key to the comparative enterprise The final essays deploy features of Smith s most recent work especially the notion of translation Heady original and provocative **Relating Religion** is certain to be hailed as a landmark in the academic study and critical theory of religion **The Autobiography of a Flea** ,1888 A Study of Erotic Literature in England W. v. Murat,2019-09-24 The present work fills a gap as it attempts to offer a history of erotic literature published in the United Kingdom The word Study in the title is perhaps a bit exaggerated as the material is largely taken from the now well known bibliographies by Pisanus Fraxi Henry Spencer Ashbee and quotations from the books themselves The time line is WW II Who was the author He may have been Charles Reginald Dawes 1879 1964 who is supposed to have written but not published a text of this or a similar title His profession or his activities are not known he once called himself a writer but library catalogues credit him only with two publications *The Marquis de Sade* Paris 1927 and *Retif de la Bretonne* London 1946 privately printed He may have been a popular writer under pseudonyms though Dawes owned a good erotica collection which he willed to the British Museum Library that would explain why the author of this Study if he was Dawes could quote freely from erotic texts which only few of his contemporaries would have had available The main merits of this book are that the author was thoroughly familiar with English and French erotic literature and that he put his material in chronological order and in context The editor added a number of references illustrations and indices of personal names and titles to facilitate navigation **Autobiography of a Flea** Anon,2013-01-01 The Paris Olympia Press Patrick J. Kearney,2007 The Olympia Press published numerous books that defied censorship laws Written by an Olympia book smuggler turned bibliographer The Paris Olympia Press provides an excellent account of the Press its books and its authors and includes a full bibliography an overview of censorship laws and a foreword by the late Maurice Girodias Olympia Press s founder AUTOBIOGRAPHY OF A FLEA STANISLAS DE RHODES.,2014 **"To See Ourselves as Others See Us"** Jacob Neusner,Ernest S.
