The Aztec Heresy:

The Aztec Heresy Paul Christopher, 2008-07-01 An ancient secret A lost city A treasure that could change the world In search of a Spanish galleon in the Caribbean archaeologist Finn Ryan and her partner Lord Billy Pilgrim find evidence of a lost Aztec Codex The invaluable book created by 15th century explorer and accused heretic Hernan Cortez is said to reveal the secret location of the lost City of Gold But they are not alone in their quest Also on the trail is the head of a menacing religious cadre who'd kill to get it first and a sociopathic billionaire with his own sinister motives But while running for their lives Finn and Billy come upon a more explosive secret that will take them from the Yucatan jungles to the Sonoran Desert where the stakes are life and death *The Aztec Economic World* Kenn Hirth, 2016-07-12 The first discussion of Aztec economy to include cross cultural comparisons with other ancient and premodern societies around the world *Lost City of the Templars* Paul Christopher, 2013-10-01 A Templar legend is revealed as one man's obsession takes him on a globe spanning quest into the jungles of the Amazon in the new novel from New York Times bestselling author Paul Christopher Retired Army Ranger John Holliday has thwarted the plots of Rex Deus the twenty first century incarnation of the Templars all over the world Now the lost journal of explorer Percy Fawcett leads Holliday into the South American jungles and a Templar mystery Trailed by an infamous tomb raider and menaced by a tribe of hostile natives Holliday and his crew uncover a five hundred year old society hidden in the cauldron of the Amazon Descendants of the Templar Knights they exist for one reason to hide and protect the holy artifact taken from the original Temple of Jerusalem by the first Templars the legendary Ark of the Covenant *Secret of the Templars* Paul Christopher, 2015-01-06 The adventures of retired Army Ranger John Doc Holliday and his quest to uncover the secrets of the Templars continue to thrill in this novel from New York Times bestselling author Paul Christopher After his niece and her fiancé are brutally murdered Holliday vows to avenge their deaths and finish their work by finding a long lost Dead Sea Scroll But in doing so he stumbles upon a conspiracy linking the Catholic Church to an illicit art forgery operation involving the Nazis Hunted by those determined to hide the truth Holliday and Interpol agent Peter Lazarus embark on a desperate race from the vaults of the Vatican to the deserts of Pakistan to unravel a mystery born in the final days of the Third Reich and to recover the scroll the contents of which could destroy the very foundations of the Christian faith *The Aztec Image in Western Thought* Benjamin Keen, 1990 Encompass the sweep of changing Western thought on the Aztecs from Cortes to the present **The Aztec Book of Destiny** Rick Holmer, 2005-09 The Aztec Book of Destiny summarizes traditional Mesoamerican beliefs about the spiritual nature of time and its influence on one's personality and fate The ancient Aztec Toltec and Maya believed that the day of birth as defined in their sacred calendar affects destiny and this philosophy has guided their daily lives for more than 3000 years This book condenses the scattered and disparate literature about these beliefs into a fun and informative narrative but it goes far beyond what academics and popular authors have published to date The author presents a unique perspective shaped by the wisdom of a

traditional calendar keeper he met in Mexico in 1973 The book's message is that the calendar is not simply an ancient and forgotten curiosity it is as relevant today as in ancient times The majority of the book projects the timeless Mesoamerican philosophy into contemporary Western society encouraging introspection and self awareness **The Forked Juniper** Roberto Cantú, 2016-11-23 Widely acclaimed as the founder of Chicano literature Rudolfo Anaya is one of America's most compelling and prolific authors A recipient of a National Humanities Medal and best known for his debut novel Bless Me Ultima his writings span multiple genres from novels and essays to plays poems and children's stories Despite his prominence critical studies of Anaya's writings have appeared almost solely in journals and the last book length collection of essays on his work is now more than twenty five years old The Forked Juniper remedies this gap by offering new critical evaluations of Anaya's ever evolving artistry Edited by distinguished Chicano studies scholar Roberto Cantú The Forked Juniper presents thirteen essays written by U S Mexican and German critics and academics The essayists employ a range of critical methods in their analyses of such major works as Bless Me Ultima 1972 Jalamanta A Message from the Desert 1996 and the Sonny Baca narrative quartet 1995 2005 Through the lens of cultural studies the essayists also discuss intriguing themes in Anaya's writings such as witchcraft in colonial New Mexico the reconceptualization of Aztlán and the aesthetics of the New World Baroque The volume concludes with an interview with renowned filmmaker David Ellis who produced the 2014 film Rudolfo Anaya The Magic of Words The symbol of the forked juniper tree venerated as an emblem of healing and peace in some spiritual traditions and a compelling image in Bless Me Ultima is open to multiple interpretations It echoes the manifold meanings the contributors to this volume reveal in Anaya's boundlessly imaginative literature The Forked Juniper illuminates both the artistry of Anaya's writings and the culture history and diverse religious traditions of his beloved Nuevo Mexico It is an essential reference for any reader seeking greater understanding of Anaya's world embracing work

Cortez and the Fall of the Aztecs Brent Truax, 2019-08-03 Called by the Los Angeles Reader the finest example of graphic story telling they've seen Cortez and the Fall of the Aztecs is a fascinating look at an empire just waiting to be devoured Written by award winning comic writer Gary Reed under the pen name Brent Truax it is the saga of one man thirsting to conquer an empire against a ruler who tried to appease both his subjects and his gods Hernan Cortez had unwittingly and unknowingly stepped into the path of the returning God Queztlacoatl His arrival had been foretold for generations by the superstitious Aztecs and by the time they had discovered he in fact was not the true God it was too late For Cortez had on his side the belief in the three things at the time that mattered most in life The King God and Gold It was the old world against the new One Christian God against dozens of deities But Cortez had more than Jesus on his side he had an unseen organism that swept through the land and decimated more of the Aztecs than any army ever could smallpox Soon after the New World was discovered an ambitious man set forth to make his fame and fortune He sailed his ships to a strange land to embark on his quest and when he arrived he saw a vast and brutal empire laid out before him It was an empire with destruction and

death as its honor It was an empire that stretched its tentacles of fear for 100 s of miles It was an empire built upon the foundation of bones laced with the temptation of gold It was the Aztec Empire and the Old World had never seen such a bloodthirsty race But he was determined to conquer it by any means necessary and to insure his men would not think of returning to Spain during the campaign he did the unthinkable He burned his ships It was now either conquer or die And Cortez with his 400 men set out to vanquish an empire that numbered over a million This is the true story of the Spanish Conquistador Cortez and his quest to conquer the Aztec nation A Caliber Comics release **History of the English People: The monarchy, 1461-1540; the Reformation, 1540-1603** John Richard Green,1890 **The monarchy, 1461-1540. R. England. 4 v**,1898 Montezuma: the Last of the Aztecs Edward Maturin,1845 **Mayans, Aztecs & Incas Thematic Unit** Linda J. Larsen,1996-04 This unit designed for use with intermediate and junior high school students centers on the Mayan Aztec and Incan civilizations in Central and South America and contains literature selections poetry writing ideas curriculum connections to other subjects group projects and more The literary works included are The corn grows ripe by Dorothy Rhoads Aztecs the fall of the Aztec capital by Richard Platt Secret of the Andes Ann Nolan Clark **The Psilocybin Solution** Simon G. Powell,2011-06-23 How psilocybin mushrooms facilitate a direct link to the wisdom of Nature and the meaning of life Examines the neurochemistry underlying the visionary psilocybin experience Explains how sacred mushrooms help restore our connection to the natural intelligence of Nature Reviews the research on psilocybin s ability to dispel anxiety in the terminally ill and its helpful effects on obsessive compulsive disorder It has been more than 50 years since sacred mushrooms were plucked from the shamanic backwaters of Mexico and presented to the modern world by R Gordon Wasson After sparking the psychedelic era of the 1960s however the divine mushroom returned underground from whence it mysteriously originated Yet today the mushroom s extraordinary influence is once again being felt by large numbers of people due to the discovery of hundreds of wild psilocybin species growing across the globe In The Psilocybin Solution Simon G Powell traces the history of the sacred psilocybin mushroom and discusses the shamanic visionary effects it can induce Detailing how psilocybin acts as a profound enhancer of consciousness and reviewing the research performed by the Multidisciplinary Association for Psychedelic Studies MAPS Johns Hopkins University and the Heffter Research Institute on psilocybin s ability to dispel anxiety in the terminally ill and

its helpful effects on obsessive compulsive disorder he examines the neurochemistry psychology and spirituality underlying the visionary psilocybin experience revealing the interface where physical brain and conscious mind meet Showing that the existence of life and the functioning of mind are the result of a naturally intelligent self organizing Universe he explains how sacred mushrooms provide a direct link to the wisdom of Nature and the meaning of life **Unforeseen Dreams** Victor M. Aguilar,2025-02-19 This novel was inspired by the beautiful stories as they were told to the author by his maternal grandmother Zeferina Fontes Ortiz These writings follow the trials and tribulations of her family as they were forced to leave their ancestral village of Urique located at the bottom of Copper Canyon in Chihuahua Mexico They were driven from their home by the complex and cruel hero villain Pancho Villa during the Mexican Revolution Armed with faith perseverance courage and love this story follows the Fontes family s history through their survival by assimilating the cultures of Spain Mexico and United States to create a life for themselves United they made the long treacherous journey leaving their homeland like so many others seeking a better way of life by crossing the northern border into the United States the land of the free This story has been waiting for over 111 years to be written read and enjoyed **The World's Cyclopedia of History** ,1882 **The Nations of the World: England** ,1898 **History of the English People From 449 to 1815 (Complete)** John Richard Green, For the conquest of Britain by the English our authorities are scant and imperfect The only extant British account is the Epistola of Gildas a work written probably about A D 560 The style of Gildas is diffuse and inflated but his book is of great value in the light it throws on the state of the island at that time and above all as the one record of the conquest which we have from the side of the conquered The English conquerors on the other hand have left jottings of their conquest of Kent Sussex and Wessex in the curious annals which form the opening of the compilation now known as the English or Anglo Saxon Chronicle annals which are undoubtedly historic though with a slight mythical intermixture For the history of the English conquest of mid Britain or the Eastern Coast we possess no written materials from either side and a fragment of the Annals of Northumbria embodied in the later compilation Historia Britonum which bears the name of Nennius alone throws light on the conquest of the North From these inadequate materials however Dr Guest has succeeded by a wonderful combination of historical and arch ological knowledge in constructing a narrative of the conquest of Southern and South Western Britain which must serve as the starting point for all future enquirers This narrative so far as it goes has served as the basis of the account given in my text and I can only trust that it may soon be embodied in some more accessible form than that of a series of papers in the Transactions of the Arch ological Institute In a like way though Kemble s Saxons in England and Sir F Palgrave s History of the English Commonwealth if read with caution contain much that is worth notice our knowledge of the primitive constitution of the English people and the changes introduced into it since their settlement in Britain must be mainly drawn from the Constitutional History of Professor Stubbs B da s Historia Ecclesiastica Gentis Anglorum a work of which I have spoken in my text is the primary authority for the history of the

Northumbrian overlordship which followed the Conquest It is by copious insertions from B da that the meagre regnal and episcopal annals of the West Saxons have been brought to the shape in which they at present appear in the part of the English Chronicle which concerns this period The life of Wilfrid by Eddi with those of Cuthbert by an anonymous contemporary and by B da himself throws great light on the religious and intellectual condition of the North at the time of its supremacy But with the fall of Northumbria we pass into a period of historical dearth A few incidents of Mercian history are preserved among the meagre annals of Wessex in the English Chronicle but for the most part we are thrown upon later writers especially Henry of Huntingdon and William of Malmesbury who though authors of the twelfth century had access to older materials which are now lost A little may be gleaned from biographies such as that of Guthlac of Crowland but the letters of Boniface and Alcuin which have been edited by Jaffé in his series of Monumenta Germanica form the most valuable contemporary materials for this period
