Each of the four authors chose two subject areas to be the main writer on, and once they had finished writing the sections they were passed on to the other three authors for them to add their own tips and tricks to. All these parts then went out to review, and the reviewers themselves, Photoshop users, added their tips to the tip tank. All of these tips then came together in editorial where they were ordered and polished. In this way we hoped to maximize the amount of insightful and essential information and to give you the greatest benefit.
