**Digital Media in Today's Classrooms** Dawn Wilson, Katie Alaniz, Joshua Sikora, 2016-12-09 Educators who engage with today s students appreciate the impact digital media has on the lives of our younger generations Learners of today consume create and publish multimedia content continuously using a variety of devices such as cell phones tablets and computers They generate original and innovative products through programs apps and the Internet as a means of communicating and representing their lives ideas and feelings Unfortunately not all students understand how to apply media literacy or media safety and many lack knowledge of how to truly analyze media content for its value in society Today s educators must learn to harness the enthusiasm students have for digital media content that uses a combination of text images audio animation and video into daily lessons in order to enhance student interest engagement motivation and achievement in classroom environments This book addresses these vital considerations thereby empowering teachers and students to benefit from the application of digital media in their classrooms both as a

compelling assessment tool and as an engaging teaching strategy      **Hearts and Minds Without Fear** Barbara A. Clark, James Joss French, 2014-06-01 **Hearts and Minds Without Fear** Unmasking the Sacred in Teacher Preparation is the first book of its kind that focuses on the critical urgency of integrating creativity mindfulness and compassion in which social and ecological justice are forefronted in teacher preparation This is especially significant at a time of cultural turmoil educational reform and inequities in public education The book serves as a vehicle to unmask fear within current educational ethical deficiencies and revitalize hope for community members teacher educators pre service in service teachers and families in school communities The recipients of these strategies are explicitly presented in order to build understanding of a compassionate paradigm shift in schools that envisions possibility and social imagination on behalf of our children in schools and our communities The authors unabashedly place the arts and aesthetics at the core of the educational paradigm solution The book lives its own message Within each seed chapter the authors practice authentically what they preach offering a refreshing perspective to bring our schools back to life and instill hope in children s and educators hearts and minds

**Hard-to-Teach Science Concepts** Susan Koba, Carol T. Mitchell, 2011 Authors Susan Koba and Carol Mitchell introduce teachers of grades 3 5 to their conceptual framework for successful instruction of hard to teach science concepts Their methodology comprises four steps 1 engage students about their preconceptions and address their thinking 2 target lessons to be learned 3 determine appropriate strategies and 4 use Standards based teaching that builds on student understandings The authors not only explain how to use their framework but also provide a variety of tools and examples of its application on four hard to teach foundational concepts the flow of energy and matter in ecosystems force and motion matter and its transformation and Earth s shape Both preservice and inservice elementary school teachers will find this approach appealing and the authors engaging writing style and user friendly tables help educators adapt the method with ease      The Manhattan Family Guide to Private Schools and Selective Public Schools Victoria Goldman, 2010-06 The only comprehensive guide to New York City private schools on the market

**Teaching for Creativity in the Common Core Classroom** Ronald A. Beghetto, James C. Kaufman, John Baer, 2015 Creativity and the Common Core State Standards are both important to today s teachers Yet for many educators nurturing students creativity seems to conflict with ensuring that they learn specific skills and content In this book the authors outline ways to adapt existing lessons and mandated curricula to encourage the development of student creativity alongside more traditional academic skills Based on cutting edge psychological research on creativity the text debunks common misconceptions about creativity and describes how learning environments can support both creativity and the Common Core offers creative lessons and insights for teaching English language arts and mathematics and includes assessments for creativity and Common Core learning Featuring numerous classroom examples this practical resource will empower teachers to think of the Common Core and creativity as encompassing complementary rather than mutually exclusive goals Book Features Shows how teaching skills mandated by

the CCSS and teaching for creativity can reinforce one another Helps teachers better understand what creativity is how to develop it and how to assess it in meaningful ways Examines the many misconceptions about creativity that prevent teachers from doing their best work Provides classroom examples ideas and lesson plans from successful teachers across disciplines This wonderful book makes the important point that teaching to well designed standards is completely consistent with teaching for creativity It is filled with practical advice for teachers about how to teach to Common Core standards in both ELA and math in ways that lead to creative learning outcomes Keith Sawyer Morgan Distinguished Professor in Educational Innovations University of North Carolina at Chapel Hill Beghetto and Baer make a strong nuanced case that knowledge for the sake of knowledge may be acceptable for immediate retention but knowledge in the service of creating new possibilities has long term consequences that can t be ignored by educators and society Scott Barry Kaufman scientific director The Imagination Institute and researcher Positive Psychology Center University of Pennsylvania
