

The Outsiders

by S. E. Hinton

Please answer the following questions on a separate sheet of paper.

Chapter 1

1. Who are the Socs? Who are the Greasers?

Socs - rich, madras, mustangs, East side

Greasers - poor, t-shirts and jeans, West side

2. How is Pony's relationship with Darry different from his relationship with Soda?

Darry is more like a father-figure to Pony. He loves him, but they argue a lot and he is hard on him. Soda and Pony are friends. He really understands Pony and they have a lot in common.

3. Why is the "gang" so important to Johnny?

He relies on them like family, because his father abuses him and his mother ignores him.

4. Do you think Darry loves Pony? Why does he treat Pony the way he does?

Yes, he does love Pony. He is hard on Pony because he doesn't want him to get in trouble because then the boys would be split up. He wants Pony to have a good life.

5. Explain what Pony means when he says, "I lie to myself all the time". Why do you think people lie to themselves?

He tries to convince himself something is truth. For example, he tries to convince himself that he doesn't care that Darry doesn't love him, but he does care whether or not Darry loves him.

Chapter 2

1. Who are Cherry and Marcia?

Two Socy girls Pony and Johnny picked up at the drive-in.

2. Why is it strange that Cherry and Pony get along so well?

Socs and Greasers shouldn't get along, but Cherry and Pony have a lot in common - sunsets, dreamers, school.

3. According to Two-Bit, what is a "fair fight"? Why don't Socs fight fair?

Global Justice James Christensen, 2020-02-01 Do we have moral duties to people in distant parts of the world If so how demanding are these duties And how can they be reconciled with our obligations to fellow citizens Every year millions of people die from poverty related causes while countless others are forced to flee their homes to escape from war and oppression At the same time many of us live comfortably in safe and prosperous democracies Yet our lives are bound up with those of the poor and dispossessed in multiple ways our clothes are manufactured in Asian sweatshops the oil that fuels our cars is purchased from African and Middle Eastern dictators and our consumer lifestyles generate environmental changes that threaten Bangladeshi peasants with drought and famine These facts force us to re evaluate our conduct and to ask whether we must do more for those who have less Helping students to grapple with big questions surrounding justice human rights and equality this comprehensive yet accessible textbook features chapters on a variety of pressing issues such as Immigration International Trade War and

Climate Change Suitable for undergraduate and graduate students alike the book also serves as a philosophical primer for politicians activists and anyone else who cares about justice

Navigating the Complexity Across the Peace-Sustainability-Climate Security Nexus Bernard Amadei,2023-11-28 Promoting peace and sustainability in human development while accounting for the risks associated with the impact of climate change on society has become more imperative than ever when addressing humanity's challenges of the twenty first century There is enough evidence that peace sustainability and climate security are entangled with multiple complex interactions and cannot be dealt with in isolation and independently from the environment and the numerous systems with which they interact Yet the intersection of peace sustainability and climate security or their opposites i.e. conflict unsustainability and climate vulnerability is rarely articulated with a systemic mindset A multi solving nexus approach is more appropriate to capture the complexity and uncertainty of how the three sectors of peace sustainability and climate security play a role in community development the nature of their causal chains and the feedback on how community development affects the three sectors Navigating the Complexity Across the Peace Sustainability Climate Security Nexus explores the value proposition of using a systems approach methodology and tools to comprehend and model that dynamic Features of the book Explores the interaction between the different components of peace and the relationship between peace sustainability and climate security using semi qualitative and quantitative tools Explains how climate adaptation and mitigation are related to peace or conflict Presents generic system dynamics modeling that can be used in different contexts
