The Parenting Adventures:

The Parent Adventure Rodney Wilson, Selma Wilson, Scott McConnell, 2009-01-01 Informed by research that reveals destructive parenting patterns are being handed down through most American families including Christian households The Parent Adventure looks to the church to help break this cycle and teach moms and dads how to prepare their kids for a lifetime with God The problem starts when parents raise children based on their personal experiences growing up instead of using the Bible as the timeless authoritative guide Although seemingly painful at first the parental attitude of letting go must begin intentionally at birth keeping in mind that each child's life is more about knowing God than anything else With this outlook established the future focused mom and dad will move more joyfully through each stage in the adventure of parenting as detailed in the book Knowing God has a lifelong plan for each family member parents and kids will grow closer to each other just as sure as they will grow closer to God

Wild Play David Sobel, 2018-02-02 When David Sobel's children were toddlers he set out to integrate a wide range of nature experiences into their family life play and storytelling Blending his passion as a parent with his professional expertise he created adventures tailored to their developmental stages cultivating empathy with animals in early childhood exploring the woods in middle childhood and devising rites of passage in adolescence This book is Sobel's vivid and moving memoir of their journey and an inspiring guide for other parents who seek to help their children bond with the natural world As we share this family's experiences we observe how wild play in nature hones a sense of wonder provides healthy challenges and nurtures Earth stewardship and we share Sobel's joy as his children Eli and Tara grow into earthbound grounded young adults Publisher's description

Adventures in Parenting U.S. Department of Health and Human Services, National Institutes of Health, 2014-11-02 As parents we have the most important job in the world There is nothing we do in our lifetimes that is more significant than how we raise our children It's a challenging full time job that lasts throughout our lives no matter how old our children get While parenting presents us with struggles and trials it also offers us many rewards Those rewards too can last through our lives This book addresses certain struggles and trials of parenting and highlights some of its many rewards The information is based on decades of research on parenting as well as the experiences of actual parents and experts in parenting The book is designed for parents of every background from first time parents to grandparents so that any one who interacts with children can benefit from this valuable information Parenting is not only vital to our present but also to our future as our children themselves become parents Raising children is an adventure full of surprises and changes I hope that this information helps you to shape your own parenting practices and beliefs as you embark on your own parenting adventure
