Pound/Williams Ezra Pound, 1996 Ezra Pound and William Carlos Williams two towering figures in American poetry began their lifelong and often contentious friendship as students at the University of Pennsylvania Their correspondence ran from 1907 the year Pound took up his virtually permanent residence in Europe until Williams death in 1963 The letters contribute an unparalleled documentary record of modern culture a wealth of information about the lives and works of the two poets themselves the literary and political movements in which they became involved and the impact of public events upon the arts the activities of other writers and artists and the world of small presses and little magazines that nourished the

growth of modernism Pound Williams contains 169 letters selected from the poets surviving correspondence each letter reproduced in full and accompanied by explanatory notes Historical introductions place each of the live chronological groupings of letters into context and a biographical glossary identifies persons prominently mentioned

J zef Boruwlaski was the most famous dwarf of the Enlightenment age Polish born he travelled extensively throughout Europe appearing and performing at royal courts and salons before settling in Durham in his later life until his death at the age of 97 He was described in Diderot's Encyclopédie and the press of his day both on the continent and in the UK sustained an interest in him and kept tabs on his life and experiences His memoirs published in a bilingual French and English version in 1788 show him to have been an intelligent and sharp observer of the world he inhabited The life story of this miniature gentleman is not only highly interesting in its own right but also offers a new perspective on the culture of the Enlightenment Through a meticulous survey of source materials in Poland France and the United Kingdom the author has managed to unearth and reconstruct many heretofore unknown details about Boruwlaski's life and adventures about his travels first on the continent and then in the United Kingdom It is not typical biography but rather an attempt at identifying certain social roles that were imposed upon Boruwlaski a plaything of the salons a source of entertainment for the masses an adventurer against his own wishes At the same time his story is that of a man who spent his whole life trying to escape from such roles imposed upon him Boruwlaski's memoirs are included in full containing many of the letters he sent to his wife with critical annotation The author also investigates for the first time the sizeable differences between the many different versions of the memoirs published during his own lifetime This monograph offers not only an opportunity to rediscover the fascinating life story of an intriguing man but also gives a unique point of view on Europe's uppermost elite in the Enlightenment age as people who remained deeply fascinated with deformities and oddities despite their own self-professed refined tastes
