Jensen, 2000 In the centuries since sandhill cranes and other large wading birds have been present on this earth someone has finally compiled a book about the folklore of these birds *Legends of the Crane* by author Pamela J Jensen is a delightful extensively researched hardcover book with over 120 poems and stories about cranes herons egrets and storks and includes 47 original color pieces of artwork The original cover artwork was

especially painted for this book from noted Washington State artist Doug Miller. Cranes are worldwide globally existing on five of the seven continents and *Legends of the Crane* reflects this by including poems and stories from North America, Asia, Africa, and Australia. Readers can ponder on poetry from early century China and Japan, a classical story about whooping cranes from Marjorie Kinnan Rawlings, The Yearling fables from Hans Christian Andersen, or features from modern day poets and writers. Each poem and story not only uniquely describes the birds' flight, dance, or cry but also their habitat. Like the poems and stories that have remained timeless over the centuries and retold in *Legends of the Crane*, this book will also be read and re-read and thoroughly enjoyed many times over. **Face to Face** Gabrielle Warnock, Jeff W. [The Oxford Encyclopedia of Children's Literature](#): Aamu-Duan Jack Zipes, 2006. Children's literature first became a distinct body of writing and publishing in the eighteenth century. Until the seventeenth century, children were usually considered as smaller versions of adults. As the notion of childhood as a distinct part of life emerged, a distinct body of literature emerged as well, designed both to entertain and edify this new class of readers. But for much of its history, books written for children were not seen as worthy of scholarly attention. Recently, this has changed with everyone from literary critics to psychologists to anthropologists to historians studying this incredibly rich outpouring. *The Oxford Encyclopedia of Children's Literature* is the first multi-volume set to document and interpret the books read by children in the English speaking world. It includes brief biographies of every major author and illustrator and features essays on all genres of children's literature, individual works, and prominent trends and themes, as well as general essays on the traditions of children's literature in many countries in the world.
