Layne, 2020-04-09 We are said to be suffering a narcissism epidemic when the need for collective action seems more pressing than ever The traits of Selfishness and selflessness address the proper and improper relationship between one s self and others The work they do during periods of social instability and cultural change is probed in this original interdisciplinary collection Contributions range from an examination of how these concepts animated the eighteenth century anti slavery campaigners to a dissection of the way middle class mothers experiences illustrate gendered struggles over how much and to whom one is morally obliged to give *Tourism and Heritage in the Chornobyl Exclusion Zone* Magdalena Banaszekiewicz, 2022-09-28 Tourism and Heritage in the Chornobyl Exclusion Zone CEZ uses an ethnographic lens to explore the dissonances associated with the commodification of Chornobyl s heritage The book considers the role of the guides as experience brokers focusing on the synergy between tourists and guides in the performance of heritage interpretation Banaszekiewicz proposes to perceive tour guides as important actors in the bottom up construction of heritage discourse contributing to more inclusive and participatory approach to heritage management Demonstrating that the CEZ has been going through a dynamic transformation into a mass tourism attraction the book offers a critical reflection on

heritagisation as a meaning making process in which the resources of the past are interpreted negotiated and recognised as a valuable legacy Applying the concepts of dissonant heritage to describe the heterogeneous character of the CEZ the book broadens the interpretative scope of dark tourism which takes on a new dimension in the context of the war in Ukraine Tourism and Heritage in the Chornobyl Exclusion Zone argues that post disaster sites such as Chornobyl can teach us a great deal about the importance of preserving cultural and natural heritage for future generations The book will be of interest to academics and students who are engaged in the study of heritage tourism memory disasters and Eastern Europe
