In Search of Criminal Responsibility Nicola Lacey, 2016 What makes someone responsible for a crime and therefore liable to punishment under the criminal law Modern lawyers will quickly and easily point to the criminal law's requirement of concurrent actus reus and mens rea doctrines of the criminal law which ensure that someone will only be found criminally responsible if they have committed criminal conduct while possessing capacities of understanding awareness and self control at the time of offense Any notion of criminal responsibility based on the character of the offender meaning an implication of criminality based on reputation or the assumed disposition of the person would seem to today's criminal lawyer a relic of the

18th Century In this volume Nicola Lacey demonstrates that the practice of character based patterns of attribution was not laid to rest in 18th Century criminal law but is alive and well in contemporary English criminal responsibility attribution Building upon the analysis of criminal responsibility in her previous book *Women Crime and Character* Lacey investigates the changing nature of criminal responsibility in English law from the mid 18th Century to the early 21st Century Through a combined philosophical historical and socio legal approach this volume evidences how the theory behind criminal responsibility has shifted over time The character and outcome responsibility which dominated criminal law in the 18th Century diminished in ideological importance in the following two centuries when the idea of responsibility as founded in capacity was gradually established as the core of criminal law Lacey traces the historical trajectory of responsibility into the 21st Century arguing that ideas of character responsibility and the discourse of responsibility as founded in risk are enjoying a renaissance in the modern criminal law These ideas of criminal responsibility are explored through an examination of the institutions through which they are produced interpreted and executed the interests which have shaped both doctrines and institutions and the substantive social functions which criminal law and punishment have been expected to perform at different points in history

Cybercrime Alisdair A. Gillespie, 2015-07-16 As technology develops and internet enabled devices become ever more prevalent new opportunities exist for that technology to be exploited by criminals One result of this is that cybercrime is increasingly recognised as a distinct branch of criminal law This book is designed for students studying cybercrime for the first time enabling them to get to grips with an area of rapid change The book offers a thematic and critical overview of cybercrime introducing the key principles and clearly showing the connections between topics as well as highlighting areas subject to debate Written with an emphasis on the law in the UK but considering in detail the Council of Europe's important Convention on Cybercrime this text also covers the jurisdictional aspects of cybercrime in international law Themes discussed include crimes against computers property offensive content and offences against the person and recent controversial areas such as cyberterrorism and cyber harassment are explored Clear concise and critical this text offers a valuable overview of this fast paced and growing area of law

The Framework of Criminal Law Leonard Jason-Lloyd, 1997 Criminal law is one of the most popular and topical of all the legal subjects yet its study poses numerous problems for students and is far from straightforward This book covers issues such as homicide theft and deception

Corporate Criminality and Liability for Fraud Alison Cronin, 2018-03-14 Through a rational reconstruction of orthodox legal principles and reference to cutting edge neuro science this book reveals some startling truths about the criminal law its history and the fundamental doctrines that underpin the attribution of criminal fault While this has important implications for the criminal law generally the focus of this work is the development of a theory of corporate criminality that accords with modern theory of group agency itself informed by advancements in contemporary philosophy and social science The innovation it proposes is the theoretical and practical means by which criminal fault can be attributed directly to the

corporate actor where liability cannot or should not be reduced to its individual members *Criminal Law* Josie Kemeys, 2019 *The Ethics of War* Saba Bazargan, 2017 This authoritative treatment on the ethics of war contains twelve original essays by eminent scholars who first challenged the orthodoxy of Just War theory as well as by up and coming thinkers The essays span both foundational and topical issues in the ethics of war International Criminal Law Douglas Guilfoyle, 2016 This unique textbook provides an accessible introduction to a fascinating subject area Written with student needs at its heart innovative features such as Counterpoint and Pause for reflection boxes highlight current debates and areas worthy of more detailed analysis providing students with the tools they need to develop their knowledge and start thinking critically about the law Learning outcomes open each chapter and are complemented by closing summaries to further support student understanding Structured in four parts the book first sets out the key international law principles which assume special significance in relation to international criminal law before going on to consider international criminal tribunals the prosecution of international crimes and the core international crimes which have been prosecuted to date Finally consideration is given to issues such as legal defences and immunities under international law Written by an outstanding scholar and teacher this user friendly text offers a unique approach to the subject area making it the ideal choice for those new to the subject area Online Resource Centre This book is accompanied by a free Online Resource Centre hosting links to key international law documents additional material on the victims of crime and updates on important developments within the subject area *Human Rights and Personal Self-defense in International Law* Jan Arno Hessbruegge, 2017 While an abundance of literature covers the right of states to defend themselves against external aggression this is the first book dedicated to the right to personal self defense in international law Dr Hessbruegge sets out in careful detail the strict requirements that human rights impose on defensive force by law enforcement authorities especially police killings in self defense The book also discusses the exceptional application of the right to personal self defense in military led operations notably to contain violent civilians who do not directly participate in hostilities The author establishes that international law gives individuals the right to forcibly resist human rights violations that pose a serious risk of significant and irreparable harm At the same time he calls into question prevailing state practice which fails to recognize any collective right to organized armed resistance even when it constitutes the last resort to defend against genocide or other mass atrocities

The Law and Practice on Disaster Issues Bamgbose, Oluyemisi A., 2018-02-20 The Law and Practice on Disaster Issues is the first and major publication in Nigeria to present legal materials from diverse fields of Law in a single volume on disaster issues The contributors are from universities in Nigeria the UK and South Africa The book contains fourteen chapters covering areas such as Disaster and International Law and law in Nigeria Rights of Children in Disaster Management Protecting Reproductive and Sexual Health Rights Dealing with Corporate Failures in Times of Economic Crisis Disability and Disaster Management The Tort of Cattle Trespass in Nigeria Averting a Looming Disaster and Resettlement in Disaster

Affected Areas *The Philosophy of Forgiveness - Volume IV* Gregory L. Bock, 2019-04-01 The Philosophy of Forgiveness Volume IV Christian Perspectives on Forgiveness is a collection of essays that explores different Christian views on forgiveness Each essay takes up a different topic such as the nature of divine forgiveness the basis for forgiving our enemies and the limits of forgiveness In some chapters the views of different philosophers and theologians are explored figures such as St John Climacus Bonaventure and Nietzsche In other chapters the concept of forgiveness is analyzed in light of historical events such as the Nickel Mines shooting the Charleston shooting and the Armenian genocide The contributors to the volume come from different backgrounds including philosophy theology and psychology The essays are written for scholars in the humanities social sciences and theology as well as graduate students and upper division undergraduate students

Corporate Manslaughter and Corporate Homicide Shivam Goel, 2015-06-26 A corporation is an artificial legal person existing only in the contemplation of law having perpetual succession and common seal Can a corporation commit crime for its inability to form mens rea If yes then can it be accused of crimes as grave as homicide Even post the Bhopal Gas Tragedy and the Uphaar Cinema Tragedy absence of legislation such as the Corporate Manslaughter and Corporate Homicide Act 2007 UK is no less a pity Absolute liability theory coupled with deep pocket theory though is an improvisation over the strict liability theory but has failed to ensure corporate criminal deterrence This book is an attempt to ponder over issues relating to corporate criminal behaviour in particular corporate homicide and corporate manslaughter **Simplification of criminal law** Great Britain: Law Commission, 2011-09-28 In this report the Law Commission says the legal definition of kidnap needs to be rewritten to allow prosecutors to deal properly with each offender It says the existing definition was confusing and ambiguous Kidnapping is a common law offence an historic crime developed in the courts rather than being defined exactly by an Act of Parliament It covers a huge range of possible offences from minor domestic incidents to major conspiracies and can carry a maximum life sentence But the Law Commission says kidnap is more complex than the popular view that the offence occurs when someone is taken against their will Prosecutors must also show that there was either fraud or force involved otherwise they must rely on other offences such as abduction or false imprisonment This means there is a gap in the law where either a child or a vulnerable adult such as someone with learning disabilities was enticed away Although neither could give consent to being taken away a perpetrator would escape a charge of kidnap if the police and prosecutors could not show they used force or fraud In the worst case scenario this could mean that someone who kidnapped a child would face a maximum sentence of just seven years Kidnap could be made more workable by simply showing that the victim had not given their consent to being taken away The Commission also says reforms could also allow minor cases to be dealt with by magistrates courts saving both time and money **Simester and Sullivan's Criminal Law** A P Simester, J R Spencer, G R Sullivan, G J Virgo, 2014-07-18 This is the fifth edition of the leading textbook on criminal law by Professors Simester Spencer Sullivan and Virgo Simester and Sullivan is an outstanding account of modern English criminal law

combining detailed exposition and analysis of the law with a careful exploration of its theoretical underpinnings. Primarily it is written for undergraduate students of criminal law and it has become the set text in many leading universities. Additionally the book is used as an important point of reference in academic writing and postgraduate research in England and abroad. Simister and Sullivan has been cited by appellate courts throughout the world. There have been a large number of important appellate decisions since the last edition of this work. This new case law among other things provides helpful guidance for the interpretation of offences under the Serious Crime Act 2007 and of the defence of loss of control provided by the Coroners and Justice Act 2009. There have been significant developments in the laws relating to rape, self defence and defence of property and duress. Special mention should be made of the continuing stream of appellate cases regarding the nature and scope of secondary liability in the crimes of others.
