vital values to be known reflected upon believed and internalized and with which one should achieve the true submission to God the Almighty These values will be deepened with reflection and remembrance and nourished by worship in the broadest sense of the terms If we consider them in our human relations and daily affairs we will not be overcome by our desires and immoralities In this way a believer can stay in the sphere of faith all the time revolving around its main axis Matters of faith and its practice are reflected in the first Qur'anic chapter al-Fatiha the Opening in a great harmony In this book Fehullah Gulen interprets the verses of the most important chapter of the Qur'an for a deeper understanding of its relevance to the essence of Islam Gulen's analysis is well grounded in the Islamic tradition yet provides fresh insights into the message of the Qur'an for today's readers

The Weekly Khutbah Volume 1: 2013-2014 Saiyan Islam, 2016-02-06 Every week Friday comes and for us Muslims Friday is very crucial in the sense we have our Jummah prayers Along with the Jummah prayers we have our weekly sermons What happens is that most of us tend to forget the sermons delivered by the Imams So I thought of this system of writing down all the sermons so that the knowledge we gain gets preserved Furthermore the sisters who are mostly unable to attend the Jummah prayer in many countries do not get the chance to learn from the weekly sermons The males can easily record their learning and teach the women at their home All the sermons are from the Imams from the Masjids I attend weekly and the Hadiths mentioned are from their own sermons Sometimes the Imams may tend to refer to weak Hadiths I have tried my best to classify them as much as possible May Allah have mercy upon us all and may we get guided to the Straight Path Ameen
