The Age of Questions

Holly Case,2018-07-10 A groundbreaking history of the Big Questions that dominated the nineteenth century In the early nineteenth century a new age began the age of questions In the Eastern and Belgian questions as much as in the slavery worker social woman and Jewish questions contemporaries saw not interrogatives to be answered but problems to be solved Alexis de Tocqueville Victor Hugo Karl Marx Frederick Douglass Fyodor Dostoevsky Rosa Luxemburg and Adolf Hitler were among the many who put their pens to the task The Age of Questions asks how the question form arose what trajectory it followed and why it provoked such feverish excitement for over a century Was there a family resemblance between questions Have they disappeared or are they on the rise again in our time In this pioneering book Holly Case undertakes a stunningly original analysis presenting chapter by chapter seven distinct arguments and frameworks for understanding the age She

considers whether it was marked by a progressive quest for emancipation of women slaves Jews laborers and others a steady inexorable march toward genocide and the Final Solution or a movement toward federation and the dissolution of boundaries Or was it simply a farce a false frenzy dreamed up by publicists eager to sell subscriptions As the arguments clash patterns emerge and sharpen until the age reveals its full and peculiar nature Turning convention on its head with meticulous and astonishingly broad scholarship The Age of Questions illuminates how patterns of thinking move history

Stones of Contention Todd Cleveland, 2014-05-26 Africa supplies the majority of the world's diamonds yet consumers generally know little about the origins and history of these precious stones beyond sensationalized media accounts of so called blood diamonds Stones of Contention explores the major developments in the remarkable history of Africa's diamonds from the earliest stirrings of international interest in the continent's mineral wealth in the first millennium A D to the present day In the European colonial period the discovery of diamonds in South Africa ushered in an era of unprecedented greed during which monopolistic enterprises exploited both the mineral resources and the indigenous workforce In the aftermath of World War II the governments of newly independent African states both democratic and despotic joined industry giant De Beers and other corporations to oversee and profit from mining activity on the continent The book also considers the experiences of a wide array of Africans from informal artisanal miners company mineworkers and indigenous authorities to armed rebels mining executives and premiers of mineral rich states and their relationships to the stones that have the power to bring both wealth and misery With photos and maps Stones of Contention illustrates the scope and complexity of the African diamond trade as well as its impact on individuals and societies

CAD/CAM in Practice A.J. Medland, 2012-12-06 Little more than a decade ago computer aided design and manufacture CAD CAM was a very esoteric field indeed not one that was of much

practical concern to a manager or industrialist unless his business was on the scale of say a major automobile manufacturer or in a field of high technology such as aerospace Like so much else this situation was revolutionized by the invention of the silicon chip the arrival of the micro processor and the dramatic fall in the cost of computer hardware Today CAD CAM has spread down the market and down the price scale to the point at which it is both a feasible and an affordable technology for a wide range of small and medium sized companies in areas as various as architecture and general engineering plastic moulding and consumer electronics But the explosion there is no other word for it in the variety and capabilities of CAD CAM systems and their spectacular climb to the top of the hi tech hit parade has placed the potential purchaser and user of the new technology in a difficult position On the one hand he is assured not least by the manufacturers of CAD CAM equipment that a failure to invest in it will leave his company stranded in the industrial Stone Age

The Outsiders Chapter 1 Questions: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have enthralled audiences this year. The Outsiders Chapter 1 Questions : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
