Driving the Dragon Mark Andrews, 2025-04-15 China is now at the forefront of electric vehicle adoption and a wave of Chinese manufactured cars is now hitting Europe and the West As the world s largest car producer since 2008 China s automotive industry deserves a closer look *Driving the Dragon* explores the history of Chinese car manufacture looking at

some of the important cars on that journey the false starts and missed opportunities The story begins with the Rover 75 and how it played a key role in moving the Chinese car industry forward It concludes with a look at cars from the likes of BYD Zeekr and Nio which are becoming mainstream in the UK and Europe as some of the most competitive electric vehicles on the market not just in terms of price but also performance and desirability For many people China is still a very enigmatic country not helped by recent political events While the book focuses on the automotive industry it also looks at the country itself and examines the culture surrounding the industry The author spent 30 years in China teaching test driving and reviewing Chinese cars and writing while witnessing first hand the extraordinary growth of the Chinese car industry

Outsiders: Her Stories Abbie Merritt,2021-05-10 The Outsiders journal unearths 10 beautifully simple stories told over 104 recycled pages of words and images Through an amalgamation of documentary photography and intimate articles each touching on sensitive subjects the project reveals the affinity people have for the outdoors In this specific edition Her Stories challenges the modern archetype of women in outdoor media and sparks a conversation about authenticity and role models in the natural world The edition consists of multidisciplinary interviews and artist collaborations told through 55 photographs and 8 illustrations This is a journal for anyone and everyone who shares a love for journeys and adventure told through a uniquely slow meaningful and authentic style that is often lost in modern journalism The purpose of this publication is to encourage more people to enjoy the outdoors and values everybody interested in the natural world As we look to the future we must envision the power that we have as environmental stewards to reconnect with nature and care for it Japanese Technical Periodical Index ,1987 *Index of Patents Issued from the United States Patent and Trademark Office* ,1985
