Family and Jihadism Jérôme Ferret, Farhad Khosrokhavar, 2021-12-28 This volume explores the paramount importance of family to jihadism in France Spain and in Europe more generally In France special focus is given to the Mohammed Merah paradigmatic case study in the Toulouse region In Spain attention is given to the North and to Catalonia With attention to both the concrete family often in crisis and the imaginary family invented by radicalized youth to substitute this book shows the fundamental need among many jihadists to reconstitute the family whether in the form of a clan or the imagined Caliphate or neo Ummah a form of shared existence that offers escape from societies in which jihadists feel ill at ease Demonstrating the failure of an emphasis on the individual actor to capture the meaning of jihadism Family and Jihadism reveals the fundamental importance to our understanding of jihadist activity of the family in an extended anthropological sense real or imagined into which the individual is inserted A study of the crisis of family and the re-creation of a new enlarged family in the lives of young jihadists this book will appeal to scholars of sociology anthropology politics and security studies with interests in radicalisation political violence social movements and religious violence

2015 terrorist attacks How do young people use media and social media to keep abreast of and understand radical acts and opinions Those are the main questions explored in this book Contributors are Vincenzo Cicchelli Alexandra Fr nod Olivier Galland Laurent Lardeux Anne Muxel Jean Fran ois Mignot and Sylvie Octobre **Our Violent World** Kevin McDonald,2013-05-14 What can the analysis of violence and terror tell us about the modern world Why is violence often used to achieve religious cultural or political goals Can we understand the search for the extreme that increasingly shapes violence today From 1960s student movements to today s global jihad this text explores the factors and debates shaping violence and terrorism in our contemporary society Each chapter confronts examples of disturbing terrorist acts and events of mass violence from recent history and uses these to examine key questions theories and concepts surrounding this sensitive and controversial topic In particular the book Identifies core tools for the analysis of public violence Explores the processes that mutate social movements into violent groups Describes the cultural embodied experiential and imagined dimensions of violence Highlights different periods and varying forms of terrorist violence Examines the role of globalization media technology and the visual in violence and terror today Our Violent World shows how the social sciences can contribute to an understanding of violence and responses to terror as well as the construction of a social world less dominated by fear of the other It is a must read for students and citizens **Breaking Laws** Isabelle Sommier,Graeme Hayes,2025-10-01 Breaking Laws Violence and Civil Disobedience in Protest questions the complex relationship between social movements and violence through two contrasted lenses first through the short lived radical left wing post 68 revolutionary violence and secondly in the present diffusion of civil disobedience actions often at the border between non violence and violence This book shows how and why violence occurs or does not and what different meanings it can take The short lived extreme left revolutionary groups that grew out of May 68 and the opposition to the Vietnam War such as the German Red Army Faction the Italian Red Brigades and the Japanese Red Army are without any doubt on the violent side More ambiguous are the burgeoning contemporary forms of civil disobedience breaking the law with the aim of changing it In theory these efforts are associated with non violence and self restraint In practice the line is more difficult to trace as much depends on how political players define and frame non violence and political legitimacy **Les violences politiques** Xavier Crettiez,2021-04-21 Cet ouvrage de synth se clair et complet propose une grille de lecture des violences politiques Ancr dans une actualit nationale et internationale particuli rement riche il s int resse aux pratiques de terrorisme aux ph nom nes de radicalisation violente mais aussi la question de l activation de la violence en d mocratie des fins d interpellation politique L auteur s appuie sur les derni res recherches en sociologie politique et sociologie de l action collective et des mouvements sociaux **Rapport Mondial Sur Les Sciences Sociales** Conseil international des sciences sociales,Delphine Ettinger,UNESCO,2012-03-01 Au cours des vingt derni res ann es les sciences sociales se sont largement internationalis es Elles sont enseign es partout ou presque Les r sultats de leurs recherches sont largement diss min s Une forte demande pour une expertise en sciences sociales est exprim e

tant par les décideurs et les médias que par le grand public les concepts et les théories des sciences sociales influencent plus que jamais sur l'opinion publique et sont présents dans les débats. Toutefois, des disparités dans la production et l'utilisation des savoirs limitent la capacité des scientifiques à comprendre comment différentes sociétés fonctionnent et volent. Ces divisions empêchent de fournir aux décideurs et la société les savoirs dont ils ont besoin pour faire face aux grands enjeux contemporains. La pauvreté, les inégalités et le changement climatique sont autant de problèmes auxquels les sciences sociales doivent apporter des éléments de réponse. Plus et de meilleures sciences sociales sont requises. Pour ce faire, des capacités en sciences sociales doivent être développées particulièrement dans les régions où les problèmes sociaux sont les plus aigus et les systèmes de recherche les plus faibles.

Information Sur Les Sciences Sociales International Social Science Council, 2004 **Les Sciences sociales dans le monde** Ali Kazancigil, 2001. Le 20e siècle a été le siècle des sciences sociales. Leur développement rapide d'après-guerre a été brisé par la crise traversée par les sociétés au cours du dernier quart de siècle. L'optimisme et l'universalisme dont elles étaient porteuses ont été remis en cause et l'on sait depuis que le monde ne peut être compris qu'à partir d'une multiplicité de points de vue. L'ouvrage fruit d'un travail collectif offre un panorama international des sciences sociales en général dans les diverses parties du monde : sciences sociales en Asie du Sud, puis en Asie de l'Est, dans le Pacifique, de l'état de la recherche dans certains champs d'application, des liens entre la recherche et la décision, enfin des questions relatives aux données statistiques et leur utilisation. Il s'agit d'un outil d'évaluation qui facilite l'approche de chaque personne désireuse de comprendre ces sciences qui ont pour ambition d'éclairer les choix individuels et collectifs.

Formes de la violence. IXe colloque annuel du Groupe d'étude "Pratiques Sociales et Théories" (les) Groupe d'étude "Pratiques sociales et théories." Colloque, Giovanni Busino, **International Social Science Journal**, 2002 **Rethinking the Political** Simonetta Falasca-Zamponi, 2011-12-19. Rethinking the Political demonstrates that the College de Sociologie's quest to create a new place for the sacred in modern collective life ostensibly entailed avoiding the theorization of both aesthetics and politics. While the College condemned manipulation by totalitarian regimes, its understanding of community also led to a rejection of democratic and communist forms of political organization, leaving the group open to accusations of flirting with fascism. Acknowledging these political ambiguities, the author goes beyond a narrow ideological reading to reveal the College's important contribution to our thinking about the relationships between community formation, politics, aesthetics, and the

sacred in the modern world She expands her historical account of the members thought including their relationship to Surrealism beyond the group s dissolution and shows how the work of Claude Lefort extends but also resolves many of the College s key theoretical insights A fascinating study of some of the twentieth century s most daring thinkers Rethinking the Political offers crucial insights into the contradictions at play in modern notions of community that still resonate today

Michel Foucault, the State and the Social Sciences Arnault Skornicki, 2025-09-01 This book proposes an original reading of Foucault s political thought Far from setting aside the question of the State to focus on the relationships of power from below the Foucauldian approach offers a radical anti substantialist theory of the State Concepts such as biopolitics discipline pastoral power and governmentality serve as tools for understanding the statization of power relations Contrary to some of Foucault s own statements Skornicki highlights the elective affinities between genealogy and sociology which enable an in depth dialogue with Marxism Max Weber Norbert Elias Edward P Thompson among others Unexpectedly the analytics of power appears thereby as a corrosive and productive science of the State The author meticulously reconstructs drawing on Foucault s extensive body of work how his famous microphysics of power fits into a broader genealogy of the modern State namely the processes of political monopolization that have shaped the so called Leviathan from the Middle Ages to the present The State thus emerges not as the coldest of all cold monsters nor simply as a vast apparatus of repression but rather as both the product and the agent of multiple governmentalities diverse rationalities and various religious tendencies ranging from the modern rule of law to totalitarianism and neoliberal bureaucracy This is not just a new book about Foucault It is a book about the State and the enduring possibility of theorizing it immersed once more in the caustic waters of genealogy

Violences jeunes, médias et sciences sociales Uli Windisch, 2007-09 **Recherches et pratiques en santé mentale suite aux violences politiques** Jean-Luc Brackelaire, Jean Kinable, Eugène Rutembesa, 2018-11-30 Comment oeuvrer ensemble restaurer les possibilités psychiques et sociales de répondre à Autrui après qu on ait tenté de le détruire Ce livre collectif est un partage interdisciplinaire de réflexions d expériences de recherches et de pratiques touchant la santé mentale dans les suites de violences collectives guerre génocide dictature et des traumatismes psychosociaux qu elles provoquent Un tel partage est indispensable tant les violences collectives attaquent la possibilité même de parler de vivre et de collaborer avec autrui

Migrant ou la vérité devant soi Benoît Bourguine, Joseph Famerée, Paul Scolas, 2019-07-11 Les migrations d aujourd hui et d hier ne seraient elles pas comme un lieu de révélation Le fait que les humains migrent tissent des liens aussi bien et parfois aussi mal avec ceux qui sont loin qu avec ceux qui sont proches ne manifeste t il pas quelque chose d essentiel sur ce qu est être et devenir humain Tout humain n est il pas un migrant et ne doit il pas l être pour se trouver lui même dans sa vérité profonde
