Shandy examine the many pressures that influence a woman's decision to resign, reduce or reorient her career. These include the mismatch between child care options and workplace demands, the fact that these women married men with demanding careers, the professionalization of stay-at-home motherhood and broad failures in public policy. But Moe and Shandy are equally attentive to the resilience of women in the face of life decisions that might otherwise threaten their sense of self-worth. Moe and Shandy find, for instance, that women who have downsized their careers stress the value of social networks of running with a pack of smart women who've also chosen to emphasize motherhood over paid work. Fight to Win A.J. Withers, 2021-11-10T00:00:00Z

AJ Withers draws on their own experiences as an organizer, extensive interviews with the Ontario Coalition Against Poverty (OCAP) activists and Toronto bureaucrats and freedom of information requests to provide a detailed account of the work of OCAP. This book shows that poor people's organizing can be effective even in periods of neoliberal retrenchment. Fight to Win tells the stories of four key OCAP homelessness campaigns: stopping the criminalization of homeless people in a public park, the fight for poor people's access to the Housing Shelter Fund, a campaign to improve the emergency shelter system and the City's overarching but inadequate Housing First policy and the attempt by the City of Toronto to drive homeless people from encampments during the COVID pandemic. This book shows how power works at the municipal level, including the use of a multitude of demobilization tactics, devaluing poor people as sources of knowledge about their own lives and gaslighting poor people and anti-poverty activists. AJ Withers also details OCAP's dual activist strategy: direct action casework coupled with mass mobilization for both immediate need and long-term change. These campaigns demonstrate the validity of OCAP's longstanding critiques of dominant homelessness policies and practices. Each campaign was fully or partially successful; these victories were secured by anti-poverty activists through the use of and the threat of direct disruptive action tactics. A Time for Wisdom Paul T. McLaughlin, Mark R. McMinn, 2022-03-14

These are volatile times. Fear, suspicion and cynicism are chronic. A mere tweet inflames the passions of millions while click-bait hot takes stoke the amygdalas of everyone with an Internet connection. We treat those not in our tribe as a threat and deem anyone with a different opinion as evil. Mistaking myopia for measure, we lack all sense of proportion in our judgments. We are shortsighted, mired in the present, ignorant of history and blind to the future. We thought that technology would save us by connecting us to each other and the world's information. Instead, it enticed our vices, encouraged our biases and eroded the one virtue we need now more than ever: wisdom. A Time for Wisdom is for readers who feel beleaguered by the incivility of the modern world, dispirited by its coarse rhetoric and toxic partisanship. It is an invitation to escape the shallow cacophony and restore peace and perspective to our daily lives. Written by two psychologists, the book takes the best scientific research on wisdom and integrates it with timeless concepts that have for ages guided troubled souls through life's hardships. From this foundation, the authors present four steps we can follow to practice wisdom in the 21st Century: Receiving knowledge, Practicing detachment, Experiencing tranquility, Cultivating transcendence. These are profound and spiritual principles that

can bring us immense satisfaction when we aspire to live by them In *A Time for Wisdom* the authors show us how They commend a course of action towards the Good the True and the Beautiful towards calm and clear moral reasoning They lead us out of the circus of contemporary life and show us a path beyond our petty self centeredness By journeying along that path we can like the great sages and scientists before us rise above the immediacy of the moment and partake of the numinous and the infinite
