Sequel to Manape the Mighty Once more Lee Bentley is caught up in the marvelous machinations of the mad genius Barter Excerpt Let's hope the horrible nightmare is over dearest whispered Ellen Estabrook to Lee Bentley as their liner came crawling up through the Narrows and the Statue of Liberty greeted the two with uplifted torch beyond Staten Island New York's skyline was beautiful through the mist and smoke which always seemed to mask it It was good to be home again Certainly it was a far cry from the African jungles where for the space of a ghastly nightmare Ellen had been a captive of the apes and Bentley himself had had a horrible adventure Caleb Barter a mad scientist had drugged him and exchanged his brain with that of an ape and for hours Bentley had roamed the jungles hidden in the great hairy body the only part of him remaining Bentley being the Bentley brain which Barter had placed in the ape's skull pan Bentley would never forget the horror of that grim awakening in which he had found himself walking on bent knuckles his voice the fighting bellow of a giant anthropoid Yes it was a far cry from the African jungles to populous Manhattan As soon as Ellen and Lee considered themselves recovered from the shock of the experience they would be married They had already spent two months of absolute rest in England after their escape from Africa but they found it had not been enough Their story had been told in the press of the world and they had been constantly besieged by the curious which of course had not helped them to forget Lee whispered Ellen I'll never feel sure that Caleb Barter is dead We should have gone out that morning when he forgot to take his whip and we thought the vengeful apes had slain him We should have proved it to our own satisfaction It would be an ironic jest characteristic of Barter to allow us to think him dead He's dead all right dear replied Bentley his nostrils quivering with pleasure as he looked ahead at New York while the breeze along the Hudson pushed his hair back from his forehead He had abused the great anthropoids for too many years They seized their opportunity don't mistake that Still he was a genius in his way a mad frightful genius It hardly seems possible to me that he would allow himself to be so easily trapped It's a reflection on his great mentality twisted though it was Forget it dear replied Bentley putting his arm around her shoulders We'll both try to forget After our nerves have returned to normal we'll be married Then nothing can trouble us The vessel docked and later Lee and Ellen entered a taxicab near the pier I'll take you to your home Ellen said Bentley Then I'll look after my own affairs for the next couple of days which includes making peace with my father then we'll go on from here They looked through the windows of the cab as they rolled into lower Fifth Avenue and headed uptown Newsies were screaming an extra from the sidewalks Excitement said Bentley enthusiastically It's certainly good to be home and hear a newsboy's unintelligible screaming of an extra isn't it On an impulse he ordered the cabbie to draw up to the curb and purchased a newspaper Do you mind if I glance through the headlines Bentley asked Ellen I haven't looked at an American paper for ever so long The cab started again and Bentley folded the paper falling easily into the habit of New Yorkers who are accustomed to reading on subways where there isn't

Dao Companion to Chinese Buddhist Philosophy Youru Wang,Sandra A. Wawrytko,2019-01-31 Too often Buddhism has been subjected to the Procrustean box of western thought whereby it is stretched to fit fixed categories or had essential aspects lopped off to accommodate vastly different cultural norms and aims After several generations of scholarly discussion in English speaking communities it is time to move to the next hermeneutical stage Buddhist philosophy must be liberated from the confines of a quasi religious stereotype and judged on its own merits Hence this work will approach Chinese Buddhism as a philosophical tradition in its own right not as an historical after thought nor as an occasion for comparative discussions that assume the west alone sets the standards for or is the origin of philosophy and its methodologies Viewed within their own context Chinese Buddhist philosophers have much to contribute to a wide range of philosophical concerns including metaphysics epistemology ethics philosophy of language philosophy of mind and philosophy of religion even though Western divisions of philosophy may not exhaust the rich contents of Chinese Buddhist philosophy
