**Destruction and Creation of Michael Jackson** Ellis Cashmore, 2022-05-19 Michael Jackson died in 2009 but he has never really left us and there are no signs he ever will A globally acclaimed child star in the 1970s the world's premier entertainer in the final decades of the 20th century a perplexingly odd character in the 21st century Jackson defied every known category and became borderline incomprehensible To remedy this in The Destruction and Creation of Michael Jackson Ellis Cashmore reflects the restless unorthodox and mysterious life Jackson led in order to understand more about him as well as his cultural impact Exploring how Jackson emerged from the post civil rights era when America was searching for someone who symbolized a new age as it struggled to unburden itself of racial inequality Cashmore's book is the first to examine Jackson's career through the prisms of American racial politics and celebrity culture Uniquely structured beginning in the present and journeying back to Jackson's birth The Destruction and Creation of Michael Jackson will excite and enliven debates on this controversial figure one that very much continues to remain embedded within our culture **83 Minutes**

Matt Richards, Mark Langthorne, 2016-06-21 A definitive look at Michael Jackson's final minutes revealing for the first time the shocking details behind the tragic death of one of the world's biggest pop stars On June 25th 2009 the world was rocked by the tragic news that Michael Jackson the biggest and most influential music icon since Elvis Presley had died He was only 50 years old when paramedics pronounced him dead on arrival at a Los Angeles hospital For weeks after his death speculation and rumor abounded concerning the drugs in Jackson's system and the role Conrad Murray the singer's personal physician had played in his death In 2011 Murray was tried and convicted of involuntary manslaughter for which he served two years in prison Now for the first time readers have access to a comprehensive and truly horrifying account of the crucial moments leading up to Jackson's demise Drawing on court documents and testimonials 83 Minutes presents a multi perspective tracking of every individual involved and the part they played as the tragedy unfolded examining forensically the mystery of the 83 minutes that elapsed from the moment Dr Murray suggested he found Jackson not breathing to the moment the singer's lifeless body was wheeled into hospital Evenhanded and unbiased Matt Richards and Mark Langthorne's account is rich with detail including the specific cocktail of drugs employed in an attempt to keep Jackson alive and the harrowing conditions in which the troubled genius's life ended Included as well is the story of the legal struggle for control of Jackson's assets that followed his death where Richards and Langthorne report that the combined earnings of Jay Z Taylor Swift and

Kanye West since Michael Jackson died come nowhere near the revenues Jackson has earned for his estate after his death. Written with documentary flair, this powerful and compelling book is already emerging as the definitive account of one of the darkest hours in music history.

**Untouchable** Randall Sullivan, 2012-11-06 The investigative biography of Michael Jackson's final years. A tale of family fame, lost childhood, and startling accusations never heard before. ABC Nightline. When Michael Jackson died on June 25, 2009, millions of fans around the world were shocked. But the outpouring of emotion that followed his loss was bittersweet. Dogged by scandal for years and undone by financial mismanagement, Jackson had become untouchable in many quarters. *Untouchable* pulls back the curtain on Jackson's public person to introduce a man who, despite his immense fame, spent his entire life utterly alone. Who, in the wake of a criminal trial that left him briefly hospitalized, abandoned Neverland to wander the globe before making one final and fatal attempt to recover his wealth and reputation. The Jackson that emerges in these pages is both naïve and cunning, a devoted father whose parenting became an international scandal, a shrewd businessman whose failures nearly brought down a megacorporation, and an inveterate narcissist who craved a quiet, normal life. Randall Sullivan delivers never-before-reported information about Jackson's business dealings, his relationship with his family, and the pedophilia allegations that derailed his life and mar his legacy today, as well as the suspicious nature of his death. Based on exclusive access to Jackson's inner circle, *Untouchable* is an intimate, unflinching portrait of the man who continues to reign as the King of Pop. A dishy Michael Jackson biography that makes the exhaustively covered King of Pop fascinating all over again. People.

**The Illuminati Mayhem & Murder** Frank White, 2023-11-20 The Illuminati Mayhem Murder by Frank White delves into the enigmatic and often misunderstood world of the Illuminati, the secret society that has captivated imaginations and sparked controversies for centuries. This comprehensive volume combines White's two groundbreaking works, providing an unparalleled exploration of the group's far-reaching influence, intricate power structures, and alleged involvement in pivotal historical events. In *Who Are The Illuminati*, White critically examines the truths and myths surrounding this secretive organization. From their rumored control over global events to their purported ties with influential families like the Rockefellers and Rothschilds, the book investigates the depth of the Illuminati's influence. Are they the puppet masters of the world's elite, shaping politics, entertainment, and media? Or is their notoriety a product of misinterpretation and conspiracy theories? *The Illuminati's Greatest Hits* takes a darker turn, unveiling the alleged covert operations and brutal tactics employed by the Illuminati to maintain their stronghold. From orchestrating revolutions and wars to the high-profile assassinations of Lincoln, Kennedy, and other key figures, White explores how these events fit into the larger puzzle of the New World Order. The book questions the extent of their manipulation and their relentless pursuit of global domination, shedding light on the sinister side of this enigmatic group. Together, these narratives form *The Illuminati Mayhem Murder*, a book that not only uncovers the layers of secrecy surrounding the Illuminati but also challenges the reader to question the very fabric of modern history.
