Encyclopedia of the Documentary Film Ian Aitken, 2013. This reference work explores the history of the documentary film. Haters, Baiters and Would-Be Dictators Nick Toczec, 2015-12-03. For fifty-five years from 1919 until 1975, The Britons published Jew-hating literature. For the forty years until his death in 1948, the founder and president of The Britons, Henry Hamilton Beamish, devoted his life to touring the world as an obsessive preacher of this hatred. Using material he has collected over the past thirty years, Nick Toczec tells their story. This is the first complete history of The Britons, which was the most prolific and influential advocate of extreme prejudice against all things Jewish, not least as the publishers of that notorious forgery, *The Protocols of the Elders of Zion*. Likewise, this is the first biography of Beamish. Putting both The Britons and Beamish into context, this book also examines and explains their precursors, their contemporaries, and their legacy. Here then are detailed accounts of hundreds of anti-Jewish organisations and individuals. These include the late Victorian anti-Semitism of Arnold White and the British Brothers League, the curious life of Rotha Lintorn Orman, who was the unlikely founder of British Fascism, Britain's first fascist party, Anglo-American supporters of Hitler, the lives and roles of extreme haters such as Arnold Leese and Colin Jordan, and the whole history of *The Protocols*, including the key role played by American motor magnate Henry Ford. This shocking history of hatred takes us from South Africa to Nazi Germany, America to Rhodesia.

Justice Denied Dr. Joe Wendel, 2017-10-30. The world has been inundated with horror stories about what the Germans did during the last century, but most Americans know little about what was done to the Germans or to German Americans. In *Justice Denied*, author Dr. Joe Wendel offers a complete picture of the story about how Germans and German Americans were treated. Presenting a balanced portrayal of history, Wendel discusses the destruction and the unconditional surrender of Germany and details many personal and emotional accounts about the mistreatment, the terror, the mass murder, the starvation blockade, the expulsions of millions of ethnic Germans, and the raping of thousands of German women by the occupying forces. *Justice Denied* gives us a wide-ranging history of Germany and

German Americans with a focus on providing insights into the two twentieth century world wars from the viewpoint of a German American who lived in Austria during World War II It offers compelling facts interpretations and points of view unfamiliar to most Americans including the personal stories of German Americans sent to interment camps in World War II
