The Napa Affair Volume 1:

CONSUMER NEWS OFFICE OF CONSUMER AFFAIRS VOL. 1 NO. 2 MAY 1971 , One Shot for Gold Eleanor Herz Swent, 2021-05-04 Winner of the 2023 Clark Spence Award from the Mining History Association An account of the creation of a modern environmentally sensitive mine as told by the people who developed and worked it In 1978 a geologist working for the Homestake Mining Company discovered gold in a remote corner of California s Napa County This discovery led to the establishment of California s most productive gold mine in the twentieth century Named the McLaughlin Mine it produced about 3 4 million ounces of gold between 1985 and 2002 The mine was also one of the first attempts at creating a new full scale mine in California after the advent of environmental regulations and the first to use autoclaves to extract gold from ore One Shot for Gold traces the history of the McLaughlin Mine and how it transformed a community and an industry This lively and detailed account is based largely on oral history interviews with a wide range of people associated with the mine including Homestake executives geologists and engineers as well as local neighbors of the mine officials from county governments townspeople and environmental activists Their narratives supported by thorough research into mining company documents public records newspaper accounts and other materials chronicle the mine from its very beginning to its eventual end and transformation into a designated nature reserve as part of the University of California Natural Reserve System A mine created at the end of the twentieth century was vastly different from the mines of the Gold Rush New regulations and concerns about the environmental economic and social impacts of a large mine in this remote and largely rural region of the state required decisions at many levels One Shot for Gold offers an engaging and accessible account of a modern gold mine and how it managed to exist in balance with the environment and the human community around it **Wine Fiction: A**

Bibliography - 4th Edition Warren R. Johnson, Wine Fiction A Bibliography 4th Edition will appeal to you who like to read fiction books with a wine winery or vineyard theme This 98 page book lists 2500 eBooks in 13 categories including Mystery Novel Romance Story Fantasy Horror to name six of the genres These may be new old or hard to find books New to this edition is a list of movies based on a wine fiction book Click on a category in the Table of Contents to move to your genre of choice Happy reading **A History of Wine in America, Volume 1** Thomas Pinney, 2007-09-17 The Vikings called North America Vinland the land of wine Giovanni de Verrazzano the Italian explorer who first described the grapes of the New World was sure that they would yield excellent wines And when the English settlers found grapes growing so thickly that they covered the ground down to the very seashore they concluded that in all the world the like abundance is not to be found Thus from the very beginning the promise of America was in part the alluring promise of wine How that promise was repeatedly baffled how its realization was gradually begun and how at last it has been triumphantly fulfilled is the story told in this book It is a story that touches on nearly every section of the United States and includes the whole range of American society from the founders to the latest immigrants Germans in Pennsylvania Swiss in Georgia Minorcans in Florida Italians in

Arkansas French in Kansas Chinese in California all contributed to the domestication of Bacchus in the New World So too did innumerable individuals institutions and organizations Prominent politicians obscure farmers eager amateurs sober scientists these and all the other kinds and conditions of American men and women figure in the story The history of wine in America is in many ways the history of American origins and of American enterprise in microcosm While much of that history has been lost to sight especially after Prohibition the recovery of the record has been the goal of many investigators over the years and the results are here brought together for the first time In print in its entirety for the first time A History of Wine in America is the most comprehensive account of winemaking in the United States from the Norse discovery of native grapes in 1001 A D through Prohibition and up to the present expansion of winemaking in every state
