Cultural Perceptions of Violence in the Hellenistic World Michael Champion,Lara O'Sullivan,2017-04-21 Violence had long been central to the experience of Hellenistic Greek cities and to their civic discourses This volume asks how these discourses were shaped and how they functioned within the particular cultural constructs of the Hellenistic world It was a period in which warfare became more professionalised and wars increasingly ubiquitous The period also saw major changes in political structures that led to political and cultural experimentation and transformation in which the political and cultural heritage of the classical city state encountered the new political principles and cosmopolitan cultures of Hellenism Finally and in a similar way it saw expanded opportunities for cultural transfer in cities through re constructions of urban space Violence thus entered the city through external military and political shocks as well as within emerging social hierarchies and civic institutions Such factors also inflected economic activity religious practices and rituals and the artistic literary and philosophical life of the polis *Hawke Ted Bell,2004* British naval hero Lord Alexander Hawke returns to the same Caribbean waters where his parents were murdered this time on a secret mission for America to find a highly classified stealth submarine that has mysteriously disappeared

Singing by Herself Amelia Worsley,2024-08-15 Singing by Herself reinterprets the rise of literary loneliness by foregrounding the female and feminized figures who have been overlooked in previous histories of solitude Many of the earliest records of the terms lonely and loneliness in British literature describe solitaires whose songs positioned them within the tradition of female complaint Amelia Worsley shows how these feminized solitaires for whom loneliness was both a space of danger and a space of productive retreat helped to make loneliness attractive to future lonely poets despite the sense of suspicion it evoked Although loneliness today is often associated with states of atomized interiority soliloquy and self enclosure this study of eighteenth century poetry disrupts the presumed association between isolation singular speech and bounded models of poetic subjectivity In five chapters focused on lonely poet figures in the works of John Milton Anne Finch Alexander Pope Thomas Gray and Charlotte Smith which also take account of the wider eighteenth century fascination with literary loneliness Singing by Herself shows how poets increasingly associated the new literary mode of being alone with states of disembodiment dispersal and echoic self doubling Seemingly solitary lonely voices often dissolve into polyvocal allusive community Worsley argues when in dialogue with each other and also with classical figures of feminized lament such as Sappho Echo and Philomela The book s provocative reflections on lyric mean that it will have a broad appeal to scholars

interested in the history of poetry and poetics as well as to those who study the literary history of gender affect and emotion

Penelope Fitzgerald and the Consolation of Fiction Christopher Knight,2016-09-13 Christopher J Knight s Penelope Fitzgerald and the Consolation of Fiction is a study of the British author Penelope Fitzgerald 1916 2000 attending to her nine novels especially as viewed through the lens both of late style she published her first novel The Golden Child at age sixty and in her words of consolation that is for doubts and fears as well as for naked human loss As in Shakespeare s late religiously inflected romances the two concerns coincide and Fitzgerald s ostensible comedies are marked by a clear experience of the tragic and the palpable sense of a world that verges on the edge of indifference to human loss Yet Fitzgerald her late age pessimism notwithstanding seeks with the aid of her own religious understandings in each of her novels to wrestle meaning consolation and even comedy from circumstances not noticeably propitious Or as she herself memorably spoke of her own deepest convictions I can only say that however close I ve come by this time to nothingness I

have remained true to my deepest convictions I mean to the courage of those who are born to be defeated the weaknesses of the strong and the tragedy of misunderstandings and missed opportunities which I have done my best to treat as a comedy for otherwise how can we manage to bear it The recipient of Britain s Booker Prize and America s National Book Critics Circle Award Penelope Fitzgerald s reputation as a novelist and author more generally has grown since her death significantly to the point that she is now widely judged one of Britain s finest writers comparable in worth to the likes of Jane Austen George Eliot and Virginia Woolf
