The Notebook Roland Allen, 2024-09-03 The first history of the notebook a simple invention that changed the way the world thinks We see notebooks everywhere we go But where did these indispensable implements come from How did they revolutionize our lives And how can using a notebook help change the way you think In this wide ranging history Roland Allen reveals how the notebook became our most dependable and versatile tool for creative thinking He tells the notebook stories of Leonardo and Frida Kahlo Isaac Newton and Marie Curie and writers from Chaucer to Henry James shows how Darwin developed his theory of evolution in tiny pocket books and Agatha Christie plotted a hundred murders in scrappy exercise books and introduces a host of cooks kings sailors fishermen musicians engineers politicians adventurers and mathematicians all of whom used their notebooks as a space to think and in doing so shaped the modern world In an age of AI and digital overload the humble notebook is more relevant than ever Allen shows how bullet points can combat ADHD journals can ease PTSD and patient diaries soften the trauma of reawakening from coma The everyday act of moving a pen across paper he finds can have profound consequences changing the way we think and feel making us more creative more productive and maybe even happier

The Notebooks of Robert Frost Robert Frost, 2007-01-01 During his lifetime Robert Frost notoriously resisted collecting his prose going so far as to halt the publication of one prepared compilation and to lose the transcripts of the Charles Eliot Norton Lectures he delivered at Harvard in 1936 But for all his qualms Frost conceded to his son that you can say a lot in prose that verse won't let you say and that the prose he had written had in fact made good competition for his verse This volume the first critical edition of Robert Frost's prose allows readers and scholars to appreciate the great American author's forays beyond poetry and to discover in the prose that he did make public in newspapers magazines journals speeches and books the wit force and grace that made his poetry famous The Collected Prose of Robert Frost offers an extensive and illuminating body of work ranging from juvenilia Frost's contributions to his high school Bulletin to the charming chicken stories he wrote as a young family man for *The Eastern Poultryman* and *Farm Poultry* to such famous essays as *The Figure a Poem Makes* and the speeches and contributions to magazines solicited when he had become the Grand Old Man of American letters Gathered annotated and cross referenced by Mark Richardson the collection is based on extensive work in archives of Frost's manuscripts It provides detailed notes on the author's habits of composition
