The Four Moons in the Human Body
Dr. Siddhartha Ganguli, 2023-10-12 The Bauls Fakirs of Bengal and Bangladesh certainly constitute a breed different from other ethnic religious sects They do not believe in worshipping in any citadel of religion like a temple a mosque or a church They have the conviction that the body itself is the habitat of cosmic energy and also that the entire cosmos is present in a living body They compare the body with a cage and the soul with an unknown bird which has come to stay for some time only Most of the Bauls who are not just singers but serious followers of the Baul path do not believe in replication creating any future progeny They adopt special procedures for sexual union with menstruated female partners to retain the semen without losing it To learn this very special technique which they do not share with any one they have to take the help of learned and experienced Gurus who also teach them weird rituals like Chari Chandra Bhed which involves consumption of semen menstrual blood urine and faeces These folk medicine practices help them to keep diseases away and maintain good health There have been lot of surveys and studies on the Bauls Fakirs primarily of historical religious and sociological nature This book goes a little deep to look at their songs lifestyle philosophy practices from biological psychological management angles to establish that the Baulsphere is based on concepts and practices that have been proven scientific from modern research studies

The Five-Faced Hindu God and My Tryst with Five Super Souls Siddhartha Ganguli, 2025-03-26 The Foreword by Professor Robert Morace of Daemen College Amherst New York USA This unique volume is an endeavour to build a bridge between Science and Spirituality The Five Super Souls are three scientific and two spiritual all are very dear to the author's heart To link the essence of their teachings with religion the Five Faced Hindu God Heramba has stepped into the beginning Then there has been a rapid shift to the cosmos where normal visible matter are only 5 percent whereas Dark Matter and Dark Energy constitute 27 and 68 percent respectively of the pie of the universe In Hinduism the god of preservation Lord Vishnu and his eighth incarnate Lord Krishna and the God of destruction Lord Shiva are dark in colour Even Goddess Kali who emerged from the forehead of Goddess Durga is a fierce ferocious dark deity These gods and goddesses in their idol

forms represent dark matter and when life is infused into them by their genuine devoted worshippers they become most powerful sources of dark energy The author explains it very clearly through the earthly sports leela of the two avatars Sri Krishna Chaitanya and Sri Sri Ramakrishna It is a one stop reading and at the end of the smart exposure you feel that Science and Spirituality are inseparable Nothing really exists that we in general parlance regard as miracles

Cross-Cultural Perspectives on Hagiographical Strategies Massimo A. Rondolino, 2017-01-12 This book examines the potential of conducting studies in comparative

hagiology through parallel literary and historical analyses of spiritual life writings pertaining to distinct religious contexts In particular it focuses on a comparative analysis of the early sources on the medieval Christian Saint Francis of Assisi 1182 1226 and the Tibetan Buddhist Milarepa c 1052 1135 up to and including the so called standard versions of their life stories written by Bonaventure of Bagnoregio 1221 1274 and Tsangny n Heruka 1452 1507 respectively The book thus demonstrates how in the social and religious contexts of both 1200s Italy and 1400s Tibet narratives of the lives deeds and teachings of two individuals recognized as spiritual champions were seen as the most effective means to promote spiritual doctrinal and political agendas Therefore as well being highly relevant to those studying hagiographical sources this book will be of interest to scholars working across the fields of religion and the comparative study of religious phenomena as well as history and literature in the pre modern period *Practicing to Aim at Truth* Ryan Andrew Newson, Brad J.
