Intersemiotic Translation Aba-Carina Pârlog, 2019-03-30 This book explores the practical aspects of intersemiotic translation examining how different signs and sign sets can be transposed into different kinds of semiotic forms of reference. Drawing on theories from translation studies, semiotics, philosophy, and stylistics, the author seeks to understand what happens when texts are translated from one genre or modality to another and makes use of examples ranging from written texts to advertising images, music, painting, photography, and sculpture. She also analyses related topics such as the differences between Romance and Germanic languages, the difficulties that arise when attempts are made to translate figures of speech or elements of authorial style, and how this interdisciplinary field relates to traditional language-based translation. This book will be of interest to students, teachers, translators, and researchers working in the fields of translation studies and multimodality in particular.

101 Countries P. J. Parmar, 2003-11 With an inability to sit still, a knack for handling uncomfortable travel, and a mission to see most of the world with as little time and money as possible, the author embarks on a whirlwind tour of five continents. His style of travel often incurs unexpected adventures including sleeping with bums in Tokyo, Rome, and Krakow; getting sick from street food in Amman and Shanghai; and being detained in small rooms by authorities in Cambodia, Siberia, Grenada, and the United States. His travels take him from the beauty of Scandinavia, Tierra del Fuego, and the Caribbean to the shadier sides of Guyana, Pakistan, and Kenya. In addition to the travelogue, *101 Countries* includes background information on places visited, discussions of different standards of living, and tips for independent travel.

Journal of the Royal Army Medical Corps Great Britain. Army. Royal Army Medical Corps, 1909

An Afghan Prince in Victorian England Robert D. McChesney, 2024-07-25 In 1894, Great Britain invited Abd al Rahman Khan, the amir of Afghanistan, to England for a state visit. Then, at the height of its imperial might, Britain sought to strengthen ties with the strategically important Afghanistan, which shared a long frontier, not yet a border, with British India. The amir's aim for the visit was to secure permission for an Afghan legation embassy in London, while the British, unaware of this goal, hoped to overawe the amir with displays of military and industrial might, as well as performances to show the strength and unity of British civil society. The amir, citing illness, ultimately declined the invitation, but in a calculated snub sent his second son, Prince Nasr Allah Khan, in his place. This book narrates the events of the prince's mission in a number of revealing ways. Using both British and Afghan sources, including the journal of a senior member of the Afghan contingent, McChesney places

the visit in its international and historical context and analyzes the internal dynamics of the prince's delegation the seventy members of whom represented Afghanistan but included two Englishmen and two English women A further twenty members representing the Government of British India were as multi ethnic and multilingual as the members of the Afghan delegation This bilateral and complex mission left India in April 1895 and remained together for the next six months From the beginning it was riven by incidents of misogyny racism and class conflict that affected its ability to perform its diplomatic functions The reader gains insights into the goals and tactics of two asymmetrical yet competing powers as well as a rare look at the human element in this cross cultural diplomatic encounter
